

Building Better Regions Fund Infrastructure Projects stream funding offers - Round 3

Last updated: 14/03/2019

The list of successful applicants that have been offered funding under the Building Better Regions Fund Infrastructure Projects stream for round three.

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Meekatharra	Development of Lloyds Plaza	This Project will revitalise a 1950's building into a multipurpose facility to include a visitors centre, cafe, indigenous art gallery, community resource centre, library/museum, conference/training room, hairdresser and two commercial spaces that support tourism activity. It will enhance existing infrastructure and increase economic and socio-economic growth in Western Australia's Mid West region.	Meekatharra	WA	\$500,000	\$2,598,967

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Esperance	Esperance Tanker Jetty Replacement	<p>The Esperance Tanker Jetty Replacement project will provide a new and usable jetty on the Esperance Foreshore. The existing 80 year old Jetty has suffered collapses and was permanently closed in November 2015 due to safety concerns. The existing structure will be demolished and replaced with a new jetty, inclusive of fishing sections, dive platform and a wide jetty head for events. The project, in combination with the Esperance Waterfront project, will see the transformation and revitalisation of the Town's foreshore into a world class development which will provide amenity services to the population of the region, grow the economy through the attraction of tourists and provide a trigger for private sector investment.</p>	Esperance	WA	\$4,000,000	\$7,574,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Ray Village Aged Services Inc.	Development of the Armstrong Village Integrated Aged Care Complex	<p>The project will deliver new accommodation and services for the aged and frail, catalysing new economic activity during construction and in the operation of the facility.</p> <p>The Project would deliver the region's first integrated complex, combining 21 independent living units and a 80 bed dementia enabling aged care facility for high care residents.</p> <p>Other features include:</p> <ul style="list-style-type: none"> • Premises for the location of complementary and allied health services • A Centre for Excellence for aged care service delivery using best practice principles and methods for high quality dementia and palliative care • A home base for the local Country Women's Association • Improvements to community amenity 	Dunsborough	WA	\$7,100,000	\$33,482,471

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Fraser Coast Regional Council	Hervey Bay Airport Redevelopment	The project will deliver both stages of a two-stage redevelopment of the Hervey Bay Airport, including the improvement of all infrastructure for the main runway and taxiways and the construction of a specialised aviation and associated supply chain industry subdivision to house growing local aviation activities which are expecting to create over 500 jobs.	Hervey Bay	QLD	\$9,190,000	\$26,660,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Coonawarra Community Club	Project 100: Coonawarra Community Hall	<p>The Coonawarra Soldiers Memorial Community Hall is the undisputed heart of the vibrant South Australian township of Coonawarra located in the world-renowned Coonawarra wine region; half-way between Adelaide and Melbourne. The Project 100: Coonawarra Community Hall initiative seeks to commence an exciting upgrade of the Hall that respects the heritage of an iconic building, while enlarging its footprint and enhancing its various spaces in a more contemporary manner to realise its full potential. As a highly-valued community hub, owned/managed by the people of Coonawarra, a revitalised Hall can truly celebrate 100 years of public service in October 2019, and continue to serve the future generations with increased capacity and vigour.</p>	Coonawarra	SA	\$77,545	\$168,090

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Bundaberg Regional Council	Gin Gin Community Hub	<p>The proposed Gin Gin Community Hub development will enhance a cornerstone facility and provide a greater range of community and social support services to residents of Gin Gin and the surrounding district. The project extends the existing centre to incorporate the Gin Gin library; provides upgraded facilities that increase community and shared space; and consolidates Council operations/community services into a “one stop shop”. The new Hub will increase social cohesion, improve delivery of programs, and support a higher level of interaction between the many community groups and members of the public who share these resources and benefit from working together.</p>	Gin Gin	QLD	\$1,389,785	\$2,779,570

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Alpine Shire Council	Great Valley Trail	<p>The Great Valley Trail project completes the shared trail between Bright and Harrietville. The 14 kilometre trail will link the end of the Murray to Mountains Rail Trail at Bright with Victoria's Alpine Region, directly connecting the towns of Harrietville, Smoko, Freeburgh, Germantown and Bright. This project will stimulate the region's economy through further investment in North East Victoria's iconic nature based and cycle tourism. Support the health and wellbeing of local communities and visitors by providing infrastructure to enable social connectivity and active living with a low carbon footprint. Enhance the amenity of the Upper Ovens Valley by providing alternative and free access to sites of natural beauty and cultural heritage.</p>	Harrietville	VIC	\$1,300,000	\$2,600,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Cobram Community Cinema Inc.	Cobram Community Cinema- A Youth Driven Project	<p>Cobram Community Cinema will be a twin cinema with one cinema seating 94 with a stage and the other will seat sixty five, open area will double as a function / meeting room. The cinema will employ one young manager, two youth trainees and up to eight youth volunteers. Volunteers will be given training to hopefully help obtain future employment. The cinema will provide our youth with a safe meeting place, a sense of achievement and entertainment, local business and tourism will also benefit. Visitors will come to the Cobram CBD and visit shops, eateries and tourist destinations. Community partnerships have been and will be formed with schools, training facilities, community groups, tourist and business groups that will provide mutual benefit.</p>	Cobram	VIC	\$526,650	\$1,053,300

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Mildura Rural City Council	Mildura South Regional Sporting Precinct - Stage 2	<p>The completion of Stage 2 of the Mildura South Regional Sporting Precinct (MSRSP) will support and complement northwest Victoria's regional recreational and sporting future, by investing in the use of integrated sports and recreational facilities. MSRSP is directly aligned with the strategic objectives, outcomes and priority actions contained in the Community and Council Plan 2017-2021. A fully completed project will increase both active and passive recreational opportunities, to improve overall community health outcomes.</p>	Mildura	VIC	\$7,500,000	\$12,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Maranatha House	Maranatha House "Intergenerational Learning Centre" ID PR-40012087	Maranatha House Aged Care Wellington NSW aims to build an age-friendly community where the quality of life of both young and old can be positively affected by mixing their care in an intergenerational setting. This innovative purpose-built facility would become a unique regional asset for NSW, including 24/7 (or reduced hrs) Childcare facility. An Intergenerational Learning Centre is a planned, intentional interaction of different aged groups, infant to elderly, in a variety of situations at a level that provides close communication, sharing of feelings and ideas and cooperative activity in meaningful tasks.	Wellington	NSW	\$1,500,000	\$3,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Castlemaine And Maldon Railway Preservation Society	VGR Service Reorientation Project (SRP) - Construction Stage	This project will upgrade the Victorian Goldfields Railway (VGR) Service operating between Maldon and Castlemaine allowing for up to three return services daily. Key secure train servicing and storage infrastructure will be built at Castlemaine and the track heavily upgraded using young trainees, including Indigenous youth, to allow for faster running and additional services. This will allow visitors more time options at their destinations.	Castlemaine	VIC	\$995,000	\$2,008,844

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Surf Coast Shire	Stribling Reserve Pavilions Redevelopment Project	The Stribling Reserve Pavilions Redevelopment Project will deliver a redevelopment of two pavilions within Stribling Reserve providing significant benefits for sporting club, school and community uses. The project will include a new netball pavilion to meet Netball Australia guidelines, an upgrade of the main pavilion to meet AFL guidelines, a new second level to the existing main pavilion with northern entry, community spaces and commercial kitchen, the inclusion of unisex amenities to promote increased use by the adjacent school and female sporting participants, and provision of new public toilets . The project will provide physical, social and mental health benefits to players, volunteers, spectators, students and the broader community.	Lorne	VIC	\$3,274,500	\$6,549,000
Parklands Albury Wodonga Limited	Completing the Shelley to Tallangatta Rail Trail	The project will restore a collapsed section of a historic trestle bridge and gravel a section of the rail trail. This will allow the 93 kilometre rail trail from Tallangatta to Shelly to be accessible to walkers, cyclists and horse riders.	Bullioh	VIC	\$91,000	\$182,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Horsham Rural City Council	Horsham Regional Livestock Exchange Infrastructure Upgrade	<p>The \$3.03million infrastructure upgrade at the Horsham Regional Livestock Exchange (HRLE) will revitalise Victoria's fourth largest livestock exchange through the provision of fixed roofing to the 23,400m yards. The roofing upgrade will include LED lighting and solar panels and ensure that the HRLE remains a modern and competitive livestock exchange, generating over \$70 million of stock sales annually. This project has significant long term benefits in terms of: weather protection for livestock, staff, agents and buyers; improved livestock quality and sales; reduced operating costs - maintenance, cleaning and lighting costs; water savings; CO emission reductions; and generation of solar power.</p>	Horsham	VIC	\$1,490,000	\$3,030,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Lismore City Council	Lismore Regional Sports Hub Oakes and Crozier Ovals - Stage 2	<p>Stage 2 of the Lismore Regional Sports Hub Oakes and Crozier Ovals will see the completion of the two main structures at Oakes Oval and Crozier Oval. Specifically, construction at Oakes Oval will include a terrace level to the rear of the main grandstand, new media and broadcasting facilities, corporate boxes, internal refurbishment to the Gordon Pavilion and the construction of new amenities. Crozier Oval will see the construction of a roof-top terrace, new media and broadcasting facilities including scoring equipment, new amenities, function rooms, kiosk, pedestrian bridge link, lift, change room upgrade and construction of national grade cricket nets. Both sites will also benefit from an integrated PA system.</p>	Goonellabah	NSW	\$5,999,000	\$11,999,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Chittering	Shire of Chittering - Lower Chittering Sport & Recreation Facility	<p>This project will deliver a sport and recreation complex, including indoor courts and seating, function centres, commercial kitchen and outdoor sports fields to provide the local community with shared-use infrastructure not currently available in the Shire.</p> <p>The project will be developed using a multi-stage approach, with this grant contributing towards the completion of Stage One which incorporates 2,784m² of space and costing an estimated \$9.7m.</p>	Lower Chittering	WA	\$4,710,000	\$9,710,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Rockhampton Regional Council	New Rockhampton Art Gallery	<p>The Project will deliver a cutting-edge Art Gallery within new Cultural Precinct that will activate Rockhampton's CBD, enrich tourism, and boost economic activity in the region. The New Art Gallery has been identified as a key catalyst project for the CBD revitalisation. Guided by the CBD Redevelopment Framework the New Rockhampton Art Gallery delivers on the Frameworks aims of economic transformation, innovation, diversification, and population growth. This new capital infrastructure project will make possible opportunities present the nationally significant collection, host international touring exhibitions, and offer spaces for education and community engagement.</p>	Rockhampton City	QLD	\$10,000,000	\$31,500,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Mount Magnet	Extension of Mt Magnet Mining and Pastoral Museum	This Project will generate economic growth in Australia's Golden Outback and increase tourism infrastructure available to visitors, whilst preserving significant historic relics from Western Australia's mining past. It will expand Mt Magnet's existing Mining & Pastoral Museum and deliver a functional space that enhances the tourism experience and promotes local heritage and culture through showcasing the largest Shaft Winder remaining in the southern hemisphere.	Mount Magnet	WA	\$58,090	\$93,090

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Nethercote Residents Association Incorporated	Deck Extension to Nethercote Community Hall	<p>A large deck extension will be added to the Community Hall in the rural locality of Nethercote. Community fundraising throughout the 1990s saw the derelict 100 year old hall rebuilt by local volunteers who managed to retain some beautiful original features, such as the wooden floor & beams. These processes also helped to build a community which has used the hall extensively since it reopened 10 years ago. Being such a popular venue, the enlarged area will be of enormous benefit as it will enable larger gatherings and events to be held. On a glorious tourist trail with a sweeping view of the picturesque Nethercote Village, access to the deck will be available to locals and travellers with access available at all times via a ramp.</p>	Nethercote	NSW	\$21,175	\$42,350

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Townsville City Council	The Castle Hill Experience	<p>To set in motion development of Townsville's untapped tourism market and create ongoing, long-term jobs, Townsville City Council has re-imagined Castle Hill to create an adventure hub. Castle Hill is located in the centre of Townsville providing a striking natural backdrop to the city and 360 degree views of Magnetic Island and Cape Pallarenda.</p> <p>The project will create new regional capacity for adventure, heritage and arts-based destination experiences. The activation vision for Castle Hill includes establishment of a light spectacular 300 nights a year; pop-up café and alfresco dining; adventure tourism opportunities (including zip lining) and opening a new pedestrian link directly from the CBD maximising access to the Hill s summit.</p>	Castle Hill	QLD	\$1,965,000	\$3,930,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Barkly Regional Council	Youth Infrastructure across the Barkly	<p>This project will provide for youth focused infrastructure in key communities across the Barkly. This strategy responds to the obvious need as well as the high value placed on youth opportunities by the community. A range of social, recreational, health and economical benefits will be gained while creating appropriate youth centred environments in Tennant Creek, Ali Curung and Wutunugurra. This infrastructure will include: Cycle/Walking path in Tennant Creek from Weaber Road to Blain Street, replacement of the Youth Linx Youth Centre in Tennant Creek, replacement of the Ali Curung Sport & Recreation Centre and the Wutunugura Basketball Court cover. Youth centred activities are integral to healthy community futures.</p>	Tennant Creek	NT	\$7,621,497	\$7,621,497

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Hindmarsh Shire Council	Wimmera River Discovery Trail	<p>This project will establish a 61 km multi-use walking and cycling trail along the Wimmera River corridor between Dimboola and Jeparit/Lake Hindmarsh, Victoria. This includes:</p> <ul style="list-style-type: none"> • Refurbishment of a disused railway bridge to cross from the eastern to the western side of the Wimmera River. • Establishment of visitor nodes at Dimboola providing access to the business district, interstate transport, amenities and secure bicycle storage. • Landscaping incorporating plantings, pathways, public art and seating. • Establishment of Jeparit visitor node to include river and camp ground access, BBQ and picnic facilities. 	Dimboola	VIC	\$600,000	\$1,200,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Kentish Council	Wild Mersey Mountain Bike Trails - Stage 2 Extension and Stage 3	<p>The Wild Mersey Mountain Bike Trail Project, progressed in partnership by Kentish and Latrobe Councils, will provide over 100 kilometres of world class mountain bike trails through the Mersey region of Tasmania.</p> <p>The Stage 2 Extension and progressing Stage 3 will enable the construction of 35 kilometres of trails and associated infrastructure.</p> <p>The project will build on Tasmania's growing reputation as a premier mountain bike destination, leveraging off the areas natural assets, and create a new sustainable tourism product that can be built on by the private sector to provide complimentary experiences, products and services, all contributing to creating a significant incentive for visitors to travel to regional Tasmania.</p>	Latrobe	TAS	\$850,000	\$1,700,000
District Council Of Franklin Harbor	Healthy Oysters, Healthy Tourism, Cowell Foreshore	The district council of Franklin Harbour is teaming up with the Oyster Industry, the Cowell area school aquaculture program, tourism operators and the community to redevelop the foreshore for our key industries of	Cowell	SA	\$3,000,000	\$6,471,300

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
		<p>aquaculture and tourism.</p> <p>The project will redevelop the foreshore precinct which will include expanded marina, improved road infrastructure, commercial and restaurant buildings, an expanded visitor information centre, and outdoor public space with adventure playground.</p> <p>The project will provide critical alternative employment for farmers in this time of drought.</p> <p>Foreshore safety is a significant issue as tractors and oyster punts do not mix with children and tourists.</p> <p>The program 'Healthy Oysters, Healthy Tourism, Cowell Foreshore' is for construction of infrastructure to separate and support both the oyster and tourism industry. The added benefit is that with the devastation of agriculture and the loss of farm jobs on the Eyre Peninsula, this project will improve productivity and provide jobs.</p>				

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Wakefield Regional Council	Lake Bumbunga Tourism Infrastructure and Facilities	<p>Lake Bumbunga in Lochiel is South Australia's premier pink lake and a burgeoning tourist attraction, drawing a rapidly increasing number of visitors to the Clare Valley region each week. Currently there are no visitor facilities at the lake and tourists and locals have noticed a need for new businesses, visitor experiences and value-add services to be established. This project will enhance the visitor experience and attract more visitors through provision of infrastructure catered to tourists needs such as toilets, picnic and playground facilities and interpretive signage. Lochiel's pink lake is a newly discovered unique tourist attraction which presents an opportunity to entice new businesses to establish in Lochiel and surrounds.</p>	Lochiel	SA	\$236,380	\$472,760

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Cairns Regional Council	Munro Martin Parklands (MMP) Stage 2 Redevelopment	The MMP Stage 2 Redevelopment project will deliver permanent Back of House facilities and a range of other enhancements to Cairns' premier outdoor entertainment venue (Munro Martin Parklands). The enhancements will enable an increased number, variety and standard of events and performers to be attracted to the venue, stimulating economic activity and employment, supporting increased tourist visitation and length of stay and further enhancing a valuable cultural facility for the Cairns and Far North Queensland community.	Cairns City	QLD	\$500,000	\$1,300,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Yarriambiack Shire Council	Warracknabeal Regional Livestock Exchange - Ram it Up Project	<p>The project will deliver an upgraded sale yard facility including storm water management including concrete upgrades, improved lighting and shade/shelter for users; compliant with a range of legislative, welfare, operational and environmental factors. The upgrades improve the overall amenity of the site and are considerate of the RSPCA's Animal Welfare Standards and Guidelines for the Land transport of Livestock. The proposed upgrades will extend the working hours of the site and allow for greater flexibility in a safe and comfortable environment for all users and livestock.</p>	Warracknabeal	VIC	\$204,137	\$272,182

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Borough Of Queenscliffe	Queenscliff Cultural Hub	<p>Develop the Queenscliff Cultural Hub through construction of a new building to connect and extend the existing library and historic museum, and to accommodate the Visitor Information Centre in a larger and more suitable space. It will:</p> <ul style="list-style-type: none"> • Support the Borough's critically important tourism industry through improved visitor information. • Provide increased local tourism product thus strengthening Queenscliff's destination appeal by enhancing the cultural experience on offer. • Generate further main street visitation and activity to support local traders and strengthen the local economy. • Modernise and expand a limited library service by providing additional space for community education, wellbeing and support services and programs. 	Queenscliff	VIC	\$1,450,000	\$3,200,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Mount Magnet	Murchison Region Vermin Cell Fence	<p>The Murchison Region Vermin Cell fence will be 1,400 kilometres in length, of which 1,074 kilometres has been constructed and 108 kilometres is under construction. This project involves the construction of 218 kilometres of vermin proof fencing to create a vermin proof cell encompassing 53 privately operated pastoral stations and 9 pastoral stations managed by the Government of WA, covering an area of 6,536,198 hectares. The fence's construction, and creation of the cell, will provide an environment where pastoral leaseholders will be able to reduce and contain wild dog numbers at insignificant levels and refocus their energies on revitalisation of the pastoral industry in the Western Australian Southern Rangelands through the re-introduction of small stock enterprises.</p>	MOUNT MAGNET	WA	\$2,250,000	\$3,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
St John Ambulance Western Australia Ltd	BEATING HEART PROJECT - Building community resilience in Northampton	<p>St John Ambulance, Northampton aims to provide the best possible essential emergency service to the extended community. This service needs improved facilities to continually meet the increasing and changing demands of the community. Volunteer & First Aid training facilities build community resilience and enables volunteer recruitment for all emergency services. The project will improve the facilities at the Northampton St John Ambulance by building a training room/hall, converting the current space to a reception/administration area and constructing a playground. It will also provide inclusive access to amenities.</p>	Northampton	WA	\$157,285	\$317,285

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Colac Otway Shire	Central Reserve Lighting and Netball Court Redevelopment	The redevelopment of Colac s Central Reserve will result in two new netball courts, competition lighting for netball courts and sports oval, along with spectator grandstands and seating. The project will complete the implementation of the Central Reserve Master Plan, transforming the facility into an elite regional recreation precinct, providing the capacity to host local, regional and state sporting events.	Colac	VIC	\$425,000	\$850,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Gympie District Show Society Inc	Install new lighting on the main arena at Gympie Showgrounds (stage 1)	<p>This project will install new lighting on the main arena of the Gympie Show Grounds. The installation of the lighting will provide a vastly improved facility for the current and future users at the Gympie Show Grounds and will fill the gap in infrastructure that currently exists. It will be available for a variety of community organisations and sporting clubs to utilise. These activities and organisations include team penning, barrel racing, miniature horses, working cattle dog trials and fire brigade training. It will also address the growing concern to move sporting and recreational activities away from the extreme heat during the hotter summer months for numerous health and safety issues including heat exhaustion, dehydration, skin cancers and heat stress for animals.</p>	Gympie	QLD	\$92,414	\$184,828

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Indigo Shire Council	Beechworth to Yackandandah Epic Mountain Bike Trail	<p>North East Victoria is Australia's premier cycle tourism destination. The construction of the Beechworth to Yackandandah Epic Mountain Bike Trail will create a genuine international level product and a unique experience for the rapidly growing mountain bike trail market. The Epic Trail will attract over 12,500 new visitors to North East Victoria and create significant economic output. Ongoing impacts include the creation of an expected additional 34 FTE jobs. This project promotes a healthy and active lifestyle, stimulates community connectedness and volunteering and will provide opportunities for improved educational, heritage and environmental outcomes.</p>	Beechworth	VIC	\$1,000,000	\$2,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
King Island Club Incorporated	King Island Club Roof Improvement and Replacement	<p>The roof of the King Island Club will be replaced, including reconfiguring the pitch of the roof to improve drainage and allow for solar panels in the future. This upgrade will ensure the survival of this 75 year old building, so that this community hub will last in good condition into the future. Stopping the myriad of leaks in our roof will provide for the wide and varied use of our building to continue, and preserve the cultural heritage of the Club as an RSL Club holding deep island history and memory within its walls. Our Club is used by sporting clubs, community groups and activities including Lions Club, Masonic Lodge, Senior Citizens, dance group, wakes, weddings, Beef and Burgundy, Phoenix House, Garden Club and community meetings.</p>	Currie	TAS	\$61,875	\$82,500

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Waratah-Wynyard Council	Gone Nuts for Wynyard Waterfront	<p>The project will develop a multi-use community facility on the waterfront of the Inglis River in Wynyard, north-west Tasmania. The facility will support events that are held in the area, in addition to providing a café and improvements to the waterfront seawall and pedestrian walkways.</p> <p>The success with Gone Nuts 101 , the Tulip Festival and national and international yachting events, to name just three of many, has far exceeded expectations with both the program of diverse events and the size of each event growing rapidly. What we are going to build includes a new multi-use events, community building and club house, café to face out onto the waterfront, and foreshore improvements for safety. Like Floriade in Canberra or vivid in Sydney, our international recognised events are significant for our wonderful town in North West Tasmania. It is not just the events, but the positive message about visiting Wynyard and the region the visitors take away with them that will grow our year-round tourist economy.</p>	Wynyard	TAS	\$3,206,006	\$7,112,806

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Swan Districts Football Club (Inc)	Onslow V Swans - Youth and Community Powerhouse Centre Office Building	The project will construct a new community hub to provide a location for local and regional not-for-profit organisations to be based. The building will create a positive working space to engage other not-for-profit and government organisations, who all have the same values and vision that we have developed and grown in the Pilbara for the last 12 years.	Onslow	WA	\$50,000	\$170,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Fight Cancer Foundation Limited	Fight Cancer Foundation - expanding regional Hilltop accommodation	<p>For more than five years Fight Cancer Foundations patient accommodation centre, Hilltop in Albury, has delivered high quality, affordable accommodation just 50 metres from the Albury Base Hospital and Albury Wodonga Regional Cancer Centre. In line with planned increases in the Cancer Centre s services, Hilltop needs to expand to meet the growing demand for accommodation during peak treatment and rehabilitation periods. The Stage 2 expansion of Hilltop is proposed, with construction of a new wing of 10 additional guest rooms and associated facilities. This will increase the capacity of this unique and vital service by 3,650 guest nights each year while also creating jobs, providing community social benefits and improving patient outcomes.</p>	East Albury	NSW	\$1,903,344	\$3,806,688

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
East Gippsland Shire Council	Jemmys Point Lookout Connecting Tourists with Destination and Nature	The Jemmy's Point Lookout project will create a spectacular tourism destination to match the 270 degree Gippsland Lakes panoramic views with a treetop cantilevered pedestrian lookout and viewing platform for all abilities. The Jemmy's Point Lookout will be an iconic, inspirational and breathtaking experience revealing a majestic view of the Gippsland Lakes, The Entrance, Ninety Mile Beach and Tasman Sea. The lookout precinct experience will lead visitors to other tourism experiences in the region - Buchan Caves, Koalas on Raymond Island and our lakes and hinterland villages through the provision of interpretive information and experiences. This will lead to an increase in international visitors above the existing 500,000 to Lakes Entrance.	Lakes Entrance	VIC	\$750,000	\$1,500,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Museum Of Underwater Art Limited	Museum of Underwater Art (MOUA) Stage 2	<p>Townsville North Queensland is the global centre of excellence for marine science, education and research. The Museum of Underwater Art (MOUA) will be globally significant and the first of its kind in Australia. This project will enhance the regions art and reef experiences to leverage global tourism trends and attract 50,000 new visitors each year. Stage 2 of MOUA will see the development of large artworks submerged in the ocean off Palm Island which will be accessible through dive and snorkel tours. MOUA will be catalytic for Palm Island, it will build on the nascent tourism industry, generate jobs and income, address social disadvantage, enhance and showcase the local culture and enhance conservation efforts on the Great Barrier Reef.</p>	Palm Island	QLD	\$1,500,000	\$2,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Cape Animal Protection Shelter For Dogs (C.A.P.S.) Inc.	CAPS Weipa Animal Welfare Centre	<p>The project will see the construction of an animal care facility. The CAPS Weipa Animal Welfare Centre will service the growing unmet demand for animal care and management in remote western Cape York Peninsula. The first full time animal care facility in Cape York will provide a resident veterinary surgeon, 24 hour animal care, shared animal management services across the 3 local government areas, pet training and grooming services. The CAPS facility will create jobs including in animal management for young people in the region and significantly enhance community cohesion. Weipa businesses, town authority and the Aboriginal communities of Napranum and Mapoon have collaborated with CAPS volunteers to create this first locally based service hub for the community and significant tourist population.</p>	Weipa	QLD	\$1,553,000	\$2,071,248

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Southern Grampians Shire Council	Dunkeld to Mount Sturgeon Walking and Cycling Track in the Grampians.	<p>This project will see the construction of a 2.9km all-abilities track to connect the township of Dunkeld to the Mount Sturgeon hiking trail in the Grampians National Park.</p> <p>This 2.9km all abilities track, connects Dunkeld, to the Grampians National Park, its Peaks Trail to the Great Ocean Road, Melbourne and Adelaide touring routes. Tourism product will diversify with bike hire, nature and Aboriginal tours, attracting backpackers, nomads; families; camping, disability and aged care groups. For the first time, visitors and residents will have access to panoramic vista's and lookouts of the Southern Grampians ranges. The community is set to benefit. Tourists visit the famous Royal Mail Hotel. Visitors to the Track will also benefit over 100 accommodation providers in the area. Overnight stays will increase, day tripping will also increase adding to the retail, festivals, hospitality and cultural economy.</p>	Hamilton	VIC	\$300,000	\$600,000

Mid Murray Council	Energising Bowhill	<p>The project will deliver the undergrounding of existing power lines overhanging the Bowhill Engineering site, as well as installation of solar power systems at the Bowhill Community Centre and General Store.</p> <p>"Energising Bowhill" is part of the Mid-Murray Council's plan to upgrade of the power supply of the Bowhill Township. Several power outages have increased the need for power reliability. Undergrounding of Bowhill's existing power line is expected to boost employment and economic activity.</p> <p>Further, the installation of solar power systems at Bowhill's General Store and Community Centre will ensure proper access to a range of goods and services throughout the year and enable cost-savings back into the local economy and community.</p> <p>An expected 22 additional FTE employment will be achieved in the private sector through this project.</p>	Bowhill	SA	\$339,287	\$678,575

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Rural City Of Murray Bridge	Implementation of the Sturt Reserve Recreation Precinct and Boat Ramp	<p>A project to deliver the Recreation Precinct, together with a renewed boat ramp facility within Sturt Reserve at Murray Bridge. The Council's Riverfront Strategy and Sturt Reserve Masterplan identify four precincts within Sturt Reserve. One of these precincts, the Recreation Precinct, will provide a new Rowing Club facility, a new toilet and showering facility, improved connectivity through the site and a new rowing launching / landing facility. The project will complement the Murray Bridge Rowing Club s new facility and will deliver all the remaining elements of the precinct. This, together with a new boat ramp and parking, will help unlock the tourist and community potential of the site and improve access to the Murray River.</p>	Murray Bridge	SA	\$1,350,000	\$3,000,000

Mitchell Shire Council	New General Purpose and Livestock Pavilion for Kings Park Seymour	<p>The new general purpose Kings Park Agricultural Pavilion project will provide a modern, multi-use building for events and facilitate greater use of Kings Park by existing and new community groups and event organisers. The project includes the removal of two existing pavilions that no longer meet the needs of current and future groups. The existing Fred Grimwade and Eric Head Cattle pavilions are in poor condition and past the end of their useful life. The new pavilion will enable increased use and new activities to take place at the facility and encourage new events to Kings Park. The project will strengthen Seymour's ability to attract major events to the region, drive tourism and help grow local employment and positive social outcomes.</p>	Seymour	VIC	\$487,000	\$974,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Coolgardie	Coolgardie Innovation and Economic Development Centre	<p>The project will develop and refurbish a historical building, built in 1894. Coolgardie is well positioned for rapid economic advancement which provides substantial opportunities for lucrative growth in retail, hospitality, training and tourism. The development of the proposed Centre will capitalise on these opportunities by repurposing the internal areas of a vacant, Shire of Coolgardie owned historical building (1894). The Shire has partnered with organisations ready to occupy and provide services in the building at project completion. The project will foster job growth through wrap-around business and training services, provide a unique commercialisation pathway for new business development, stimulate Indigenous Economic Development and deliver significant tourism outcomes resulting in direct local spend.</p>	Coolgardie	WA	\$916,100	\$1,381,000

Logan City Council	Activation, Embellishment and Upgrade of the Logan Village Green.	One of the key outcomes from the Logan Village Forum held in March 2018 on 'how to unlock the economic and place making potential for Logan Village,' was the activation, embellishment and upgrade of the Logan Village Green. The project includes the development of a new signature and state of the art playground that will attract young families to Logan Village and installation of a heritage style church on the Village Green, providing a multi-functional space that could be used for weddings, theatre group, gallery, etc. to deliver in line with an updated master plan, a community gathering and meeting space that reflects Logan Village's rural and heritage character. This project will deliver on a key outcome from the Logan Village Forum.	Logan Village	QLD	\$500,000	\$1,000,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Housing Plus	Orange Women and Children's Domestic and Family Violence (DFV) Centre	<p>The project will construct a community services hub and six two-bedroom villas. The centre will be used for housing and support services for women and children deemed to be under threat from domestic violence. Orange experiences one of the highest rates of domestic and family violence in NSW at double the state average. And yet it is the only regional city of its size without a refuge for women and children escaping violence, deterring many women from leaving a relationship. The Orange DFV centre will be based on a 'core and cluster' model, comprising a community services hub (core) surrounded by six interchangeable 2BR villas (cluster) for women and children at serious threat of further injury or death. Privacy and space will enable families to heal and re-establish their routines, whilst wraparound support will help families to overcome the trauma. The centre will also deliver community prevention/early intervention activities.</p>	Orange	NSW	\$530,179	\$2,784,680

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Paroo Progress Association Inc.	Cunnamulla, All Aboard!	This project will redevelop an unused train station to create a tourist attraction that will encourage visitors to stay overnight in town. The Cunnamulla, All Aboard project will grow the local tourism economy by providing a new 'bookable' product and supporting new business and job creation.	Cunnamulla	QLD	\$309,750	\$413,000
Glen Innes Severn Council	Glen Innes Regional Netball Facility	The Project is the construction of a new, compliant, two court indoor stadium to facilitate the growth of netball in Glen Innes and the surrounding region, and which will also have the capability to accommodate other sporting, recreation and community uses through co-location and shared use of facilities. The Project responds to identified needs across a range of sporting and recreation uses, and will benefit people of all ages, backgrounds and abilities by making Glen Innes residents more active, more often.	Glen Innes	NSW	\$1,278,508	\$5,500,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Barossa Village Inc	Community Hydrotherapy Pool	<p>The project will construct a community hydrotherapy pool facility for the Allied Health Centre.</p> <p>The Community Hydrotherapy pool will be an addition to the brand new Allied Health Centre that we have constructed in 2017 that will provide a range of benefits to the community including pain management, rehab, physiotherapy and general health to the general population focusing on the elderly and people with disabilities. There are no other facilities within the Barossa, Light and Gawler council areas that have purpose built state of the art hydrotherapy services. The expansion of our new Allied Health Centre to incorporate the state of the art hydrotherapy pool facility will create a health hub that will attract Allied Health professionals to our region that will provide much better and affordable outcomes for the community.</p>	Nuriootpa	SA	\$400,000	\$1,044,908

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Shire Of Murray	Dwellingup Adventure Trails	<p>The project will transform the town of Dwellingup and surrounding areas into a world class trails destination through the development of nationally significant, high quality sustainable mountain bike and drive trail networks in and surrounding Dwellingup. Dwellingup is ideally positioned to harness the growing adventure tourism market and increasing participation in outdoor activity to reap the benefits of a diversified economy. The DAT builds upon the Dwellingup Trail Centre and will help address long term structural industry and economic changes. It will stimulate new activity for an economy in transition and will assist regional communities to achieve economic growth.</p>	Dwellingup	WA	\$3,465,000	\$8,410,500

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Anglesea Surf Lifesaving Club Inc.	Redevelopment of Anglesea Surf Life Saving Club Facilities	<p>This project will provide a modern fit-for-purpose lifesaving facility that will also serve as a conference venue, an education hub and a focal point for other sporting and leisure activities and thus assist to promote regional tourism. The project will generate significant social and economic benefit and will allow us to more efficiently deliver our core services as well as supporting ongoing training and development of future generations of volunteers. It will be a highly sought-after venue with its unparalleled views of the coastline making it a first choice option for community activities to complement its core lifesaving function.</p>	Anglesea	VIC	\$1,000,000	\$5,600,000

Gowrie Primary P&C Association	Multipurpose learning space: A community hub	<p>The project will construct the building sub-structure for a multipurpose learning space and community hub at Gowrie Junction. A multipurpose learning space and community hub in Gowrie Junction will provide a facility to bring the Gowrie community together. This space will offer additional employment in the area through the construction of the facility and the programs that will be run out of it. The social benefits of reducing social isolation, increasing community based programs for the local children, and enabling both parents to work will also be realised through the construction of the learning space and community hub. The economic development and growth in the Gowrie area is at an all time high and the learning space and community hub is a much needed resource in creating a common meeting place.</p>	Gowrie Junction	QLD	\$150,000	\$300,000

Logan City Council	Upgrading streetlights in priority eligible area of City of Logan	<p>City of Logan proposes to upgrade the lighting at the roundabouts at Homestead Drive/Poinciana Drive and Homestead Drive/Coachwood Drive, including a section of Homestead Drive that links to the new development at Flagstone (shopping centre precinct). Due to growth and a changing footprint within the eligible area, a new footpath has been installed along this section linking the proposed new shopping precinct with the existing school in a need of pedestrian lighting.</p> <p>The project will install LED lighting with smart controls to bring energy efficiency and ability to manage and control them remotely as key benefits to Council and to broader community.</p>	Jimboomba	QLD	\$240,000	\$480,000

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
St George Golf Club Inc	St George Golf Club Inc Fairway Upgrade	<p>The project will install irrigation and plant grass on fairways of the St George Golf Club. This year the Club celebrated our 70 year anniversary, a wonderful achievement for a Golf Club in a small, regional town. We have a progressive Committee and wonderful Member support base .We have identified that upgrading all 18 fairways to irrigated grass would not only retain our level of Membership, but should also grow this Membership. The Club is a community hub where locals can enjoy health, fitness and social benefits. This is particularly important in a remote, regional town .The Club, whenever possible, applies to host both State and District golfing events, we feel a fairway upgrade would increase our chances of being successful with these applications in addition to providing a much more pleasant playing experience for all players.</p>	St George	QLD	\$226,180	\$226,180

Applicant Organisation	Project Name	Project Description	Project Location	State	Grant Approved	Total Project Cost
Forbes Shire Council	Activating Forbes Iconic Main Street	<p>The project will upgrade the existing Forbes Commercial Precinct. It will create a community space for visitors and locals, create employment and underpin all economic activity.</p> <p>The key features are:</p> <ul style="list-style-type: none"> • Over five locations, work will include extensive landscaping, signage upgrades, installation of banners and improved line marking. • The installation of bicycle stands, new seating, public toilets and drinking fountains. • Installation of a new pop up café, bins and the widening of footpaths. • The creation of a plaza, installation of bollards, a water feature with new connections to electricity and water. • A new pergola and playground which includes a soft fall.
