

# Australian Small Business Advisory Services (ASBAS) Digital Solutions

Last updated: **20/02/2019**

ASBAS Digital Solutions provides small business with low cost, high quality advice on a range of digital solutions to help them meet their business needs and grow their digital capabilities.

They use service providers across regional and metropolitan Australia to give small business operators and intenders professional low cost advice. Services are being delivered through a mix of one-to-one and group formats, including face-to-face and online. Assistance is available until June 2021.

Services can be accessed in the following areas:

- websites and selling online
- social media and digital marketing
- using small business software
- online security and data privacy.

To receive assistance, you must have 19 or less Full Time Equivalent employees. Sole traders can also access services.

There is no application process to receive low cost business advisory services from an ASBAS Digital Solutions provider. While there will be a charge for the services, it will be a lower cost than the market rate cost for comparable professional services.
