2.1 ABOUT THE AUSTRALIA-INDIA COUNCIL 2019

These guidelines contain information for the Australia-India Council 2019 grants. This grant opportunity is part of the International Relations Grants Program.

This document sets out:

- the purpose of the grant opportunity
- the eligibility and assessment criteria
- how grant applications are monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

You must read this document before filling out an application.

2.2 AUSTRALIA-INDIA COUNCIL OUTCOMES

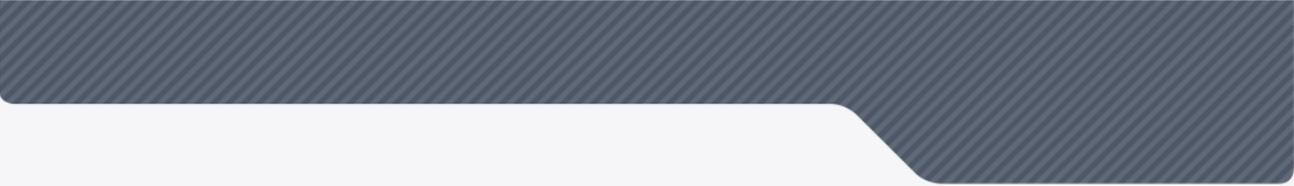

The Australia-India Council seeks to advance Australia's foreign and trade policy interests by building awareness and understanding between the peoples and institutions of Australia and India. The objectives of the Australia-India Council 2019 are to:

- raise awareness of Australia in India, and of India in Australia, in a way that encourages further growth in relations between the two countries, including in the trade and investment relationship
- promote exchange and collaboration between Australian and Indian organisations in fields of relevance to the bilateral strategic partnership
- deliver high quality programs that demonstrate Australia's economic credentials and technical excellence to influential audiences in India
- seek community involvement in, and private sector support for, the Council's diplomacy efforts including by encouraging corporate investment in collaborations that advance Australia India relations
- publicise the Council's activities as a means of encouraging broad support for the Council's role and the bilateral relationship.

To maximise impact, the Australia-India Council is looking for high quality applications that foster ground-breaking and catalytic collaborations and improve perceptions. In 2019, priority will be given to projects that: **support the recommendations of the [India Economic Strategy](#), an ambitious plan to transform Australia's economic partnership with India out to 2035**; projects that address an identified gap or need; projects co-funded by industry or that work to produce commercial collaborations; or projects that demonstrate a path to continuing in future years free from government funding.

Grant applicants need to submit a project proposal to address one of the following:

1. Develop new innovative mechanisms to enhance outcomes in one or more of the **10 economic sectors** identified in the India Economic Strategy.
2. Develop new innovative social ventures that build on signature national or bilateral initiatives such as India's unique identity Aadhaar scheme or Australia India Strategic Research Fund projects on **health, agribusiness, water, energy and resources, and urban infrastructure**.
3. Recognise and capitalise on the **shared democratic, institutional and cultural traditions** of Australia and India, for example, through our common parliamentary and legal systems, shared challenges in supporting gender equality and women in leadership, children, young people, Indigenous communities and diaspora.
4. Build connections between Australia and India through joint projects in **an educational or community setting**.

Key project deliverables for successful applicants will be to:

- further the aims of the Australia-India Council by reporting on and publicising the impact of the project
- produce a one to two-page policy paper to inform government on key considerations relevant to the grant topic, including key learnings, future challenges, opportunities or needs and recommendations.

3. GRANT AMOUNT

In 2019-20 between \$600,000 and \$700,000 in total is expected to be available for this grant opportunity, subject to appropriation. Grants will be provided to a number of small and medium projects (up to a maximum of \$150,000 each) that demonstrate a clear capacity to maximise impact by fostering ground-breaking and catalytic collaborations.

Project costs relate to the scope of the grant activity, its complexity, proposed outcomes, and strategic advantage, and should be proportionate with administration and sensible risk management expectations.

Co-contributions from you and other parties must be included to strengthen your application.

4. GRANT ELIGIBILITY CRITERIA

We cannot consider your application if it does not satisfy all the eligibility criteria.

4.1 WHO IS ELIGIBLE TO APPLY FOR A GRANT?

To be eligible you must:

- be one of the following entity types:
 - » an Australian entity with an Australian Business Number (ABN) or Australian Company Number (ACN), or Indigenous Corporation Number (ICN)

Applications from consortia are acceptable, provided you have a lead applicant who is the main contact and driver of the project and is eligible as per the list above.

Individuals who intend the grant to be administered by a university should apply on behalf of the university, i.e. your university is the applicant. Only one application per university or institution will be eligible for approval.

4.2 WHO IS NOT ELIGIBLE TO APPLY FOR A GRANT?

You are not eligible to apply if you are:

- not an Australian citizen, a permanent resident of Australia or an Australian organisation or

 - » you may provide an interim report with the agreement of the relevant Secretariat where existing grant funding will be expended prior to the commencement of the new grant requested.

² The Australian Government recognises that some organisations may seek to form consortia in order to apply for a grant under the Program. Consortia are eligible to apply and the relevant conditions applicable to consortia are at 8.6 'Grant Applications from Consortia'

5. ELIGIBLE GRANT ACTIVITIES

5.1 WHAT THE GRANT MONEY CAN BE USED FOR

You must use the grant for the following activities:

- the project outlined within the application.

- economy flights, modest accommodation costs, meals and travel allowances, other transport
- communication and translation
- venue hire and catering
- advertising and promotion, graphic design, photography and printed material
- production costs, including freight and artists' wages.

For activities delivered in Australia, applicants are encouraged to consider the use of an Indigenous supplier, if they intend to subcontract any of the services above. A directory of registered Indigenous businesses is available at www.supplynation.org.au.

You can only spend grant funds on eligible grant activities as defined in the grant details in your grant agreement.

5.2 WHAT THE GRANT MONEY CANNOT BE USED FOR

We do not generally fund travel and accommodation for attendance at conferences or meetings, participation in fieldwork or sporting or other events, unless such activities are considered by the Board to be of direct relevance to its objectives. To be considered, a substantial program should exist in the sidelines or around the conference and there should also be a strong argument for the selection of applicant(s).

6. THE GRANT SELECTION PROCESS

First we will assess your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process.

We will then assess your application against the criteria set out below and against other applications. Your application will be considered on its merits, based on:

- how well it meets the criteria
- how it compares to other applications
- whether it provides value for money
- whether it will ensure a reasonable spread of projects across priority areas and the targeted country.

7. THE ASSESSMENT CRITERIA

You will need to address all of the following assessment criteria in your application. We will judge your application based on the weighting given to each criterion. The amount of detail and supporting evidence you provide in your application should be relative to the project size, complexity and grant amount requested. The application form includes word limits.

1. The extent to which the project's description and objectives are clearly defined and consistent with the Australia-India Council's objectives.
2. The extent to which the project supports recommendations from the India Economic Strategy.
3. How well the project demonstrates the potential to shift perceptions, build collaborations and be sustained overtime.
4. The extent to which the project establishes innovative and dynamic linkages; overcomes an identified problem; or leverages a major event to build deeper relations between Australia and India.
5. The extent to which applications aim to identify and deliver Australia's knowledge and expertise to fill a market gap in India, in one or more of the 10 sectors identified in the India Economic Strategy.
6. The extent to which the application delivers dynamic digital media and/or reaches a wide and influential audience in line with the [Australia-India Council's 'A Dynamic Mix' communication platform](#)
7. How well the project demonstrates its capacity to meet the key performance indicators built into the grant application and acquittal forms.

Applications will be assessed by the extent to which they fully meet the selection criteria, partially meet the criteria or do not meet the criteria. All assessment criteria are given equal weighting.

The committee's recommendation will be primarily based on the information provided in the application form, and this document should be clear, accurate, comprehensive and focused. When preparing the application, applicants should bear in mind that the assessment committee may not be familiar with the applicant, the organisation or the field of activity.

- a letter of support from your Research Office if you apply on behalf of a university.

This supporting documentation should be attached to the application form. There will be instructions in the application form to help you. Only attach the documents you have been asked to include.

Among applications from universities, the most competitive applications will be those with letters of support from the relevant Research Office highlighting the alignment of the proposed project to the Australia-India Council, the relevance of the project to the University's strategic goals in the relevant country and demonstrating that the project is not more appropriately funded by the Australia Research Council or alternative Commonwealth funding body.

8.6 APPLICATIONS FROM CONSORTIA

Some organisations may apply as a consortium to deliver grant activities. A consortium is two or more organisations who are working together to combine their capabilities when developing and delivering a grant activity.

If you are submitting a grant application on behalf of a consortium, a member organisation or a newly created organisation must be appointed as the 'lead organisation'. Only the lead organisation will enter into a grant agreement with the Commonwealth and will be responsible for the grant. The lead organisation must complete the application form and identify all other members of the proposed consortium in the application. The application must include a letter of support from each organisation involved in the grant. Each letter of support should include:

- an overview of how the consortium will work together to complete the grant activity
- an outline of the relevant experience and/or expertise of the consortium members

- the roles/responsibilities of consortium members and the resources they will contribute (if any)
- details of a nominated management level contact officer
- details of the lead organisation.

8.7 QUESTIONS DURING THE APPLICATION PROCESS

If you have any questions during the application period, please contact Australia-India Council Secretariat, (02) 6261 3833, ausindia.council@dfat.gov.au. Questions should be sent no later than Thursday, 21 March 2019.

Applicants may speak with the Australia-India Council Secretariat in their first language by telephoning the Translating and Interpreting Service on 131 450 (local call anywhere in Australia) and asking to be connected with the Secretariat.

Aboriginal or Torres Strait Islander applicants may wish to access assistance in submitting an application where English is not their first language. In these cases, applicants may contact an Indigenous language centre for assistance.

8.8 FURTHER GRANT OPPORTUNITIES

The Australia-India Council aims to allocate all grant funding during the annual grants round and is typically over-subscribed with suitable applications each year. If there are not enough suitable applications to meet the Program's objectives, the Department of Foreign Affairs and Trade may consider applications received during the financial year, subject to available funding through direct selection or restricted processes. All potential grants will still be considered against the outcomes of the Program (and/or criteria in these guidelines) and value for money.

9. ASSESSMENT OF GRANT APPLICATIONS

9.1 WHO WILL ASSESS APPLICATIONS?

The Board of the Australia-India Council assess applications. Board members are listed on the Australia-India Council [website](#). Board members are treated as Commonwealth officials due to their role in the assessment process in accordance with Part 1, section 2.8 of the CGRGs and the *Public Governance, Performance and Accountability Act 2013*.

While an application may meet the assessment criteria, a grant is not guaranteed.

The Australia-India Council Secretariat, within the Department of Foreign Affairs and Trade, will provide information and advice to the Board to assist its determination of policy and its assessment of grant applications.

The Board may seek additional input from relevant Australian missions overseas about you or your application. They may also seek additional information from other Commonwealth agencies, even if the sources are not nominated by you as referees. The Board may also consider information about you or your application that is available through the normal course of business.

If the selection process identifies unintentional errors in your application, you may be contacted to correct or explain the information.

9.2 WHO WILL APPROVE GRANTS?

The assessment committee will make recommendations to the Assistant Secretary, India and Indian Ocean Branch, or his/her delegate within the Department of Foreign Affairs and Trade. The delegate will make the final decision to approve a grant.

The delegate's decision is final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded.

The delegate will not approve funding if they reasonably consider the Program funding available is insufficient to meet project deliverables, and/or the application does not represent value for money.

The Australia-India Council reserves the right to offer less funding than that sought by the applicant.

There is no appeal mechanism for decisions to approve or not approve a grant.

10. NOTIFICATION OF APPLICATION OUTCOMES

You will be advised of the outcomes of your application in writing, following a decision by the delegate. If you are successful, you will also be advised about any specific conditions attached to the grant.

If you are unsuccessful, you may submit a new application for the same project (or a similar project) in any future grant opportunity rounds. You may wish to include new or more information to address any weaknesses that may have prevented your previous application from being successful.

10.1 FEEDBACK ON YOUR APPLICATION

If you are unsuccessful, you may ask for feedback from the Department of Foreign Affairs and Trade within one month of being advised of the outcome. The Department of Foreign Affairs and Trade will give verbal feedback within one month of feedback being requested.

11. SUCCESSFUL GRANT APPLICATIONS

11.1 THE GRANT AGREEMENT

If you are successful, you must enter into a legally binding grant agreement with the Commonwealth represented by the Department of Foreign Affairs and Trade. Standard terms and conditions for the grant agreement will apply and cannot be changed. Any additional conditions attached to the grant will be identified in the grant offer or during the grant agreement negotiations.

You will be required to:

- confirm your communication outline within two weeks of accepting the grant offer
- publish digital media in line with the Australia-India Council's 'A Dynamic Mix' communication platform
- provide a one to two-page policy paper to inform government on the key considerations relevant to the grant topic explaining key learnings, future challenges, opportunities or needs and recommended appropriate actions in the relevant area
- provide a final report, including financial acquittal, using the online template within 60 days of project completion
- for multi-year grants, complete interim reports once a year using the online template
- where conference or meeting participation of a principal speaker is funded, a copy of the paper presented by the participant in addition to the report
- demonstrate that you have met the key performance indicators, and the project specific outputs detailed in your application.

The Department of Foreign Affairs and Trade will negotiate agreements with successful applicants. If there are unreasonable delays in finalising a grant agreement, the grant offer may be withdrawn and the grant may be awarded to a different applicant.

Where a grantee fails to meet the obligations of the grant agreement, the Department of Foreign Affairs and Trade may withhold or suspend the funding to the grantee; and/or require the grantee to repay all or part of the grant. No compensation is payable by the Department for termination in these circumstances.

You should not make financial commitments until a grant agreement has been executed by the Commonwealth.

11.2 HOW THE GRANT WILL BE PAID

The grant agreement will state the maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra eligible expenditure, you must pay it yourself.

We will make an initial payment on execution of the grant agreement and on receipt of a valid invoice. For multi-year grants, we will make subsequent payments, detailed in the grant agreement, progressively based on your interim reports, including acquittals, and receipt of a valid invoice.

All grants are awarded in Australian dollars. You are responsible for any financial differences that may occur from the time of the application submission to when the project takes place, due to fluctuations in exchange rates.

11.3 GRANT AGREEMENT VARIATIONS

We recognise that unexpected events may affect the progress of a project. In these circumstances, you can request a project variation, including:

- changing project milestones consistent with the original intent of the project
- extending the timeframe for completing the project for a reasonable period of time
- changing the allocations across budget items

The Program does not allow for an increase to the agreed amount of grant funds.

If you want to propose changes to the grant agreement, you must put them in writing before the grant agreement end date. Contact the [Australia-India Council Secretariat](#) for further information. We will not consider changes after the grant agreement end date.

You should not assume that a variation request will be successful. We will consider your request based on factors such as:

- how it affects the project outcome
- consistency with the Program policy objective and any relevant policies of the department
- changes to the timing of grant payments
- availability of program funds

12. ANNOUNCEMENT OF GRANTS

If successful, your grant will be listed on the website of the Department of Foreign Affairs and Trade and/or GrantConnect within 14 days of the date of effect³ as required by Section 5.3 of the CGRGs.

³ See glossary
