

# Schools Evangelism

“He said to them, ‘Go into all the world and preach the gospel to all creation’.”  
Mark 16:15 (NIV)

We are privileged as a denomination that we have an education system. This is an ideal environment where Adventist and non-Adventist students learn about God, Creation, redemption and grace along with academic subjects. What the teachers do in our schools is not just teaching, but ministry.

There are a high percentage of students in our Adventist schools who are not from the Adventist faith. This provides opportunity for Adventist students, teachers and staff to live Jesus each and every day to these children. What a great way to share the good news of Jesus Christ, not only in the school setting, but also as schools serve the local community. Your generous gift will enable gatherings and events to meet heartfelt needs of individuals and families.

## Appeal

Through your offering today, you will be helping to expand the kingdom of God in our Adventist Schools and their local communities.

## Prayer

Dear God, please bless this offering so that it may be used to reach families in our schools and surrounding community. Amen.
