

45-70yr old Save up to \$2,000 Skills Checkpoint Funding...

Save up to \$2000 off your training fees with us.

e.g. If your student fee with us is \$3000 then you may receive \$1500 under this program
If your student fee is \$6500 then you may receive \$2000 under this program

HOW THIS WORKS...

TRAINING INCENTIVE

Up to \$2,200 towards re-skilling or up-skilling people:

- In their current job
- For a future opportunity
- For skills in demand

COST & ELIGIBILITY

- FREE service
- Australian Citizen or Permanent Resident
- 45 – 70 years old
- Currently employed, but need new skills
- Unemployed for less than three months

SUBSIDY AMOUNT - UP TO \$2,000

\$1 for \$1 co-contribution. Skills Checkpoint will match what you can afford to pay them eg. if you can pay them \$2000 they will match \$2000. I.e if your fees are \$6,800 and you can afford to pay them \$2,000, then they will match your \$2,000 and your fees are then only \$4,800. If your fees are \$2850 and you can pay them \$1425, they will pay \$1425. If you only afford \$500, then they will match \$500.

Any remaining fees, you then work out a payment plan or VET Student loan with us.

HOW TO APPLY FOR THIS FUNDING

HOW TO APPLY

1. If you are interested, you have to apply for the subsidy, GTI cannot do it for you.
2. Get your enrolment forms into us so we can give you a quote to use. This becomes the fee for the training that Skills Checkpoint will pay 50% of, up to \$2000.
3. Straight after – phone the Skills Checkpoint provider listed below for your state and get your process started. You will a simple form to complete, an online quiz and they come and see you for a short appointment.

WHEN DESIGNING YOUR CAREER PLAN WITH THE OFFICER

You need to include – that you are doing the qualification with us because you need to get the training and skills to

- transition to a new career
- undertake a new role with your current employer
- increase their capacity to perform in your current role

Project Management/ Building Construction:	You may be 'on the tools' now but know you will need to get off them in the future, so looking to study Project Management with us to reskill.
Quality Auditing:	You may be working in an NDIS organisation and the Government requires more compliance, auditing, policies and procedures driven so need training to keep your business compliant and NDIS registered.
Quality Auditing:	Reskill to take advantage of the changes in the compliance and regulation industry – eg NDIS heaps of auditors going to be needed, age care, ISO9000 QMS businesses etc...
Civil Training:	The NSW Government is about to spend \$6.8 billion over the next 4 year and so need to be upskilled and trained to take advantage of this changed in the industry.
Business Administration, HR:	Need to upskill to learn latest methods and technology for modern day offices.
Management:	Need to upskill so can lead our growing workforce and ensure that the team, business or organisation runs well so can deliver our products or services correctly. If doing other qualifications with us, then you can call me to discuss.
