FERO TABLE

Rustic meets industrial - the Fero Table is part of our collection inspired by the beauty and ruggedness of raw materials and a must have for your bar or restaurant furniture. The timber top brings resilience and warmth to the design and the refined steel frame adds strength, encapsulating the industrial style and the notion that these pieces will stand the test of time.

Pair the Fero Table with its bench seat to create that communal dining feeling. The collection is also complemented by pedestal tables, leaners and stools for a cohesive fit out. Customise its colour and finish to accent the industrial or rustic style of your cafe, restaurant or bar.
