

Phonemic chart

The 'phonemic chart' is a set of symbols that represent all 44 sounds in used in spoken English. It is a very useful tool for people who want to learn and practice correct pronunciation of the english language

Vowels

Vowels in the english alphabet include: **a**, **e**, **i**, **o**, **u**, and sometimes **y**. They represent a speech sound created when your breath flows freely. Vowels are the prominent sounds of syllables.

Vowels sounds
