

Galileo: yes or no

- Receiver pattern:
 - Chamber / Robot / Mixture
- Satellite pattern:
 - PCO: estimate fixing Galileo PCOs / ITRF14?
 - PV: Re-estimate nadir-dependent PV?
Satellite dependent?
Who can contribute? Timeline (end of Mai)?
 - GLONASS: Time-dependent PCOs?
- Try to introduce Galileo scale?
 - System dependent PCO offset (scale adjustment)

Presentation

Discussion: after presentations ...

- GLONASS PCOs (Rolf)
 - Short discussion yes / no
- Receiver calibration: Geo++ (Martin)
- Receiver calibration Bonn (chamber, Florian)
- Scale study (Arturo)
- SINEX combination (Paul)

- Long discussion
