GEAR & GARMENT

GS CARBON EVO HELMET

Modern safety technology meets sporty off-road look: The GS Carbon Evo helmet features the Multi-directional Impact Protection System (MIPS). The innovative system reduces the rotational movement of the head in the event of an impact, thus reducing the risk of brain injuries.

TATACOA JS JACKET

The GS Tatacoa jacket presents itself with an emotional retro Enduro look. As such, the jacket perfectly matches the SPIRIT OF GS. The robust and comfortable companion stands out thanks to the selection of high-quality materials, made from canvas with contrast inserts and leather.

VENTURE GRIP PRO GORE-TEX BOOTS

The waterproof Venture Grip Pro GORE-TEX boot is at home in touring as well as for Enduro use. The all-rounder is suitable for everyday use and has a grippy, wear-resistant sole that is resistant to oil and fuel. A shin plate together with three adjustable aluminium buckles stabilises the precisely fitting design.
