*All CFMOTO quad bike models are stage 2 compliant. Under the legislation, youth quads do not require an OPD and have no minimum tilt angle.
Overseas ATV models are shown without a Quadbar OPD. CFMOTO CFORCE and UFORCE models are covered by a factory 2 Year Warranty, CX and ZFORCE models are covered by a factory 12 Month Warranty.

CFMOTO is distributed in Australia by Mojo Motorcycles. Some models maybe shown with optional accessories in the lifestyle images. While Mojo Motorcycles has attempted to make this catalogue as comprehensive and factual as possible, there may be instances where, since the time of printing, information has been updated on products. Please be advised the equipment shown or described in this catalogue may have been changed and/or available at extra cost. Furthermore, Mojo Motorcycles reserves the right to make changes at any time without notice in price, colour, materials, equipment and models. CFMOTO dealers have access to current vehicle information and should be consulted before making decisions on your new CFMOTO vehicle. Warranties offered for CFMOTO products are subject to the conditions set out in all vehicle handbooks and supplement handbooks. Details are also available from CFMOTO upon request. Always wear an approved helmet, eye protection, long-sleeved shirt, trousers, gloves and boots while riding. Published June 2024.

About

From humble beginnings in 1989 to a global powerhouse in 2024: the history of CFMOTO is a storied one and a nod to the single minded dedication of a company to succeed in the pressure-cooker environment of global motorcycle and powersports markets.

Now in its third decade of manufacturing, CFMOTO has an ever-expanding portfolio of motorcycles, quads (ATVs), utility side-by-side vehicles (UTVs) and sports side-by-side vehicles (SSVs), as well as an unwavering commitment to expand its electric vehicle footprint.

Indeed, CFMOTO has already launched an electric motorcycle sub-brand called ZEEHO, conceived to provide a design-led lifestyle to young generations through tech-driven and environmentally conscious urban mobility.

Backed by a 280,000sqm high-tech manufacturing facility, CFMOTO is easily China's largest exporter of ATVs and UTVs.

Now with new manufacturing facilities in Thailand and Mexico, boosting the annual production capacity of up to 590,000 units, distributed to more than 100 countries.

Closer to home, CFMOTO has sold more than 50,000 vehicles since its Australian debut in 2005 through its robust network of more than 80 dealers.

CFMOTO's motorcycle trajectory has expanded enormously over the last decade, which is not only a function of its own R&D initiatives but also a technical partnership with KTM.

The collaboration was inaugurated in 2013 to produce small-capacity KTM-badged models for China, a market of which is approaching 20 million motorcycle sales a year. The CFMOTO/ KTM joint venture now comprises an office, R&D building and manufacturing facility in Hangzhou, and for Australian customers the all-new 450MT adventure bike is the most tangible sign of the two companies working together. The joint venture will further expand CFMOTO's R&D team, which currently comprises more than 300 employees across five countries – in addition to CFMOTO's workforce of more than 6000 employees worldwide.

Modern facilities, technical wherewithal and a huge focus on providing extraordinary value for money: CFMOTO is in the fast lane to becoming a premium global powersports brand.

Brand Ambassadors

All 4 Adventure

Now into their 16th season, Australia's No. 1 adventure, fishing and 4x4 show will see the two hosts – Jase and Simon – continue to explore some of the most remote parts of the country with CFMOTO joining them on every step of the way.

SPECS

CFORCE

CFMOTO cut its farm teeth in ATVs, and the ten-model CFORCE range – including the new benchmark-setting 400s, 520 and 625s – bears all the hallmarks of that experience, ingenuity, craftsmanship and attention to detail. No stone is left unturned to get the most out of a workday, with the spec-rich range offering unbeatable value for money. From 400 to 1000cc, we've got the CFORCE to meet your needs.

Mojo Motorcycles Pty Ltd., the Australian distributor for CFMOTO, has released an updated quad bike range that complies with stage 2 of the Australian Government mandatory Consumer Goods (QuadBike) Safety Standard. All quad bike models listed in the brochure are stage 2 compliant.

For further information about the new standard please talk to your CFMOTO Dealer or head to CFMOTO Australia's website for further information at - www.cfmoto.com.au

stronger, smoother, smarter

CFMOTO's
engineers left no
stone unturned
when it came to
reviewing the
robust CFORCE 625

Key refinements

- Bigger 612 kg tow capacity
- More power with 45hp and 51Nm of torque
- New cylinder head features revised intake and exhaust channels
- New combustion chamber design
- Optimised coolant channels and camshaft profile
- Complemented by larger-diameter intake and exhaust valves
- New forged piston for greater strength with reduced weight and vibration
- A Diamond-Like Coating (DLC) piston ring to enhance engine durability.
- New UP6.0 ECU platform. Far more powerful than before, delivering improved throttle connection, smoother control, and increased comfort
- New ride-by-wire throttle lever and throttle body
- Choice of two drive modes, Normal or Work
- New engine mounting to reduce noise, vibration, and harshness

CFORCE
625
EPS

Next generation

CFMOTO's largest capacity, single-cylinder ATV, the CFORCE 625 EPS, has undergone a series of technical updates and refinements for MY23, taking the already impressive package to new heights.

- 45hp, 580cc engine
- Bosch EFI, ride-by-wire
- Two drive modes
- CVT transmission
- Engine braking
- Power steer
- 2WD/4WD with locking front & rear differential
- All 4 wheel hydraulic disc brakes
- Dual A-Arm independent suspension
- Alloy wheels
- 25-inch 6ply tyres
- Handguards
- 3000lb winch
- 612 kg tow capacity
- 30 kg / 60 kg rack capacity
- 2 Year Warranty

YOUTH

CFMOTO proudly presents its Youth Range of fun bikes and fun ATVs designed specifically for the next generation of adventurous riders. Engineered to ignite the spirit of exploration and adrenaline in the hearts of our youth. With cutting-edge technology, striking design, and uncompromising performance, the CX and CFORCE 110 series redefine the youth riding experience, providing an exhilarating gateway to off-road adventures like never before.

youth

CXcharge into the future

EV **CX** 2E

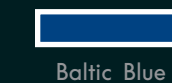

CXcharge into the future

With the power of a 50cc fun bike but without the complications of a clutch, fuelling, or gear-changing, the electric motor delivers a super smooth, controllable powerband, and adult supervisors can modify its power level output with 'beginner mode' to 'full power' mode so young riders can learn at their own pace.

- Recommended Age: 4-7
- Motor: 48V 650W (max output 1200W)
- Three power modes
- Max Speed: 36km/h
- Range: 60km ● Run time: 60min (at max speed)
- Seat Height: 550mm
- Wheel Size: 10-inch ● Weight: 49kg
- 12 Month Warranty

Baltic Blue

EV **CX** 5E

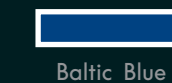

Amps it up

The CX-5E takes everything great about the CX-2E and amps it up for competent young riders. More power, more ground clearance, longer suspension, 14" front and 12" rear wheels and off-road tyres. It is a full-fledged youth dirt bike. The fact that the battery can be easily replaced during riding sessions will make both the rider and their parents very happy.

- Recommended Age: 8-12
- Motor: 48V, 1000W (max output 1500W)
- Three power modes
- Max Speed: 46km/h
- Range: 60km ● Run time: 35min (at max speed)
- Seat Height: 678mm
- Wheel Size: 12 / 14-inch ● Weight: 56kg
- 12 Month Warranty

Baltic Blue

kids corner

CFORCE
110

Kids corner

With sporty looks, brilliant performance, disc brakes all-round and a portfolio of safety features – including a unique geofence function – the CFORCE 110 raises the bar in the youth ATV space.

CFORCE
EV 110

A Force unleashed!

CFMOTO is leading the way for the next generation of riders with an all-electric youth ATV that is set to change the game forever. This advanced, sports-orientated ATV has an easy-to-ride nature that promotes a safe way for youngsters to develop their riding skills further

Total Care

There's something magical about buying a brand new CFMOTO – whether it's the first purchase or your 10th.

Regardless of the circumstances, picking up a brand spanking new CFMOTO is a wonderful feeling.

Owning a CFMOTO is an amazing experience, and one of the best ways to ensure the good times continue is with a regular service and maintenance routine. Trust us: your CFMOTO will thank you for it!

Parts & Accessories

Genuine parts and accessories are tailor-made for your ATV, UTV or SSV, and it's no different with CFMOTO. What is removed is returned with a perfect match, and the accessories have been manufactured to account for every nuance of your model to enhance your CFMOTO even more.

And, of course, genuine CFMOTO parts and accessories come with the highest level of quality controls, so you know you're getting the best.

Shop CFMOTO

Parts and accessories are available from our on-line shop 24-7, but the best place to get wise counsel is from your local CFMOTO dealer.

Your authorised CFMOTO dealer can also help you with that vital, final piece of the ownership matrix – ensuring your vehicle is serviced in accordance with manufacturer guidelines.

Displacement	Equivalent power to a petrol 50cc	Equivalent power to a petrol 110cc	110cc	Equivalent power to a petrol 110cc
Fuel System/Battery	48V, 24Ah Lithium-Ion, swappable	48V, 24Ah, Lithium-Ion, swappable	EFI	44V, 53Ah, 2400Wh. Lithium-Ion. With BMS.
Transmission	Chain drive	Chain drive	2WD, chain drive	2WD, chain drive
Drive	3 power modes	3 power modes	F-N-R	F-N-R
Start	-	-	Electric	-
Suspension	FRONT: 31mm telescopic fork, 72mm of travel REAR: singe shock, 65mm of travel	FRONT: 31mm telescopic fork, 105mm of travel REAR: singe shock, 100mm of travel	FRONT: Double A-arm, independent REAR: Mono mid-placed shock absorber	FRONT: Double A-arm, independent REAR: Mono mid-placed shock absorber
Brakes	Hydraulic disc brakes	Hydraulic disc brakes	Hydraulic disc brakes	Hydraulic disc brakes
Wheels	Spoked rim / 10 inch	Spoked rim / 14/12 inch	Steel	Steel
Tyres	2.5/10	Front:70/100-14 Rear: 80/100-12	Front: AT 19 x 6-10, Rear: AT 18 x 9.5-8	Front: AT 19 x 6-10, Rear: AT 18 x 8.5-8
L x W x H	1330 x 610 x 789 mm	1555 x 665 x 958 mm	1483 x 943 x 925 mm	1500 x 935 x 950 mm
Wheelbase	952 mm	1066 mm	1020 mm	1020 mm
Ground Clearance			110 mm	120 mm
Weight	49 kg	56 kg	130 kg (wet)	130 kg
Fuel Capacity/Range	60 minutes (at max speed) / 60km	35 minutes (at max speed) / 60km	6.4 L	3+ hours run time / 60km
Person	One	One	One	One
Recommended Age	4-7 years of age	8-12 years of age	10 Years of age	10 Years of age
Seat Height	550 mm	678 mm		
CFMOTO Youth App			Geo-fence, vehicle status	Geo-fence, vehicle status
Colour	Baltic Blue	Baltic Blue	Rocket Red or Baja Blue	Polar White / Lemon Green or Polar White / Lava Orange
Warranty	12 month	12 month	Two year	Two year
