STRONG FOUNDATIONS

CNH INDUSTRIAL

Iveco is part of global commercial vehicle and industrial powerhouse, CNH Industrial. Iveco has a local Australian manufacturing facility in Melbourne, where it develops and assembles a broad range of light to heavy duty trucks for all purposes. Iveco's range of locally-built models are complemented by a selection of high quality, fully-imported vehicles from Europe, including the award-winning Daily Van and Cab Chassis range, including the Single and Dual Cab Daily 4x4 Cab Chassis, the Eurocargo 4x4, Trakker and Astra models. In Australia, Iveco employs over 300 staff across manufacturing, engineering, sales and marketing functions. As well as these direct jobs, Iveco has strong links to a broader nationwide supply chain of over 200 businesses, resulting in employment of hundreds more Australian manufacturing workers.

CNH INDUSTRIAL CAPITAL

To assist Iveco owners in their vehicle purchase, CNH Industrial Capital offers buyers tailored finance packages and the industry knowledge that comes from 35 years of experience working with Australian businesses large and small. CNH Industrial Capital 'lives and breathes' the industry it serves and has the ability to tailor financing options to best suit customer requirements. Offering flexibility with repayment structures to meet individual needs, no ongoing fees or early termination fees and dedicated regional finance managers who can visit customers onsite, CNH Industrial Capital is focused on the success of their customers.

ROBUST SUPPORT FOR YOUR TOUGH TRUCKS

Purchasing a van or truck is a significant investment, and Iveco is committed to ensuring the purchase and maintenance of your vehicle is smooth and hassle-free. Our Customer Care Centre, 1800 4 IVECO, is open 7 days a week, 24 hours a day, 365 days a year. All Iveco vehicles are supported by a professional and expansive national Dealer Network comprising over 46 conveniently-located outlets. To provide owners with greater flexibility, value and convenience, Iveco can even tailor fixed price servicing packages to suit their specific requirements through the Programmed Maintenance initiative. And for added peace of mind, Iveco also offers owners a complimentary 24/7 Roadside Assistance for the duration of your vehicle's warranty period.

DAILY

BUILT FOR THOSE WHO DEMAND RELIABILITY

The award-winning Iveco Daily van and cab chassis range features many market-leading benefits allowing you to get the job done efficiently and comfortably. Both the van and cab chassis boast the most powerful engines in their class along with the availability of a unique-to-the-market, 8-speed full automatic transmission for superior comfort and control. The van range offers the greatest volume capacity available in Australia, while a wide choice of GVMs and wheelbases, along with dual cab, work-ready 4x4 options, make the Daily one of the country's most versatile light commercial vehicles.

IVECO

Your partner for sustainable transport

DAILY COMFORT

Drives like a car.

The driving position and handling is car-like. The Daily features a smaller steering wheel and a wider windscreen than its predecessor with 40 mm of extra window surface to increase visibility. The dashboard has also been totally redesigned to guarantee comfortable control operation, while maintaining a correct driving position.

The new Daily cabin features ample storage compartments, improved soundproofing and an efficient automatic climate system. Smoothing out the bumps is the new QUAD-Tor front suspension which offers outstanding drivability, comfort and dynamic response, while guaranteeing maximum stability.

Featuring a new geometry, the rear suspension has been calibrated to control over-steering, providing outstanding vibration dampening and driving stability even on the most demanding roads. A rear pneumatic suspension is also available.

DAILY P E R F O R M A N C E

Market-leading automatic transmission.

The Daily features an industry-first 8-speed 'Hi-Matic' full automatic transmission that provides the operator with an effortless driving experience courtesy of a self-adaptive shift strategy that results in correct gear selection and shifts that take less than 200 milliseconds.

The version of the Hi-Matic used in the Daily has been strengthened for light commercial vehicle applications and was extensively tested for Australian climatic conditions – the unit features an external cooler and an independent transmission support for improved durability and cooling power.

To assist in reducing fuel consumption, the Hi-Matic features both 'Eco' and 'Power' modes. When Eco is selected, the transmission changes gears at lower rpm, while Power mode holds the vehicle in each gear for longer for even crisper acceleration should it be required.

Additionally, thanks to its 8-speeds – the widest ratio spread of any automatic van transmission available in Australia – the engine will always be operating at its optimal speed.

A 6-speed manual gearbox is also available.

HI MATIC

DAILY CAB CHASSIS

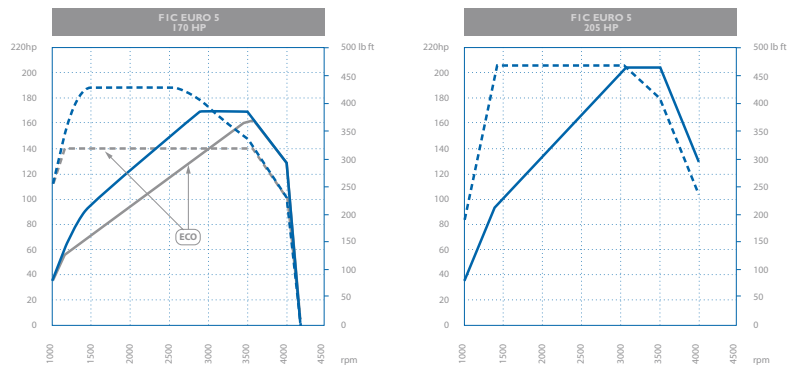

DAILY CAB CHASSIS

The Iveco Daily 45C, 50C and 70C range boasts the many great features of the Daily van with the added convenience of allowing buyers to fit a body to best suit the job. Variants are available in GVMs from car licence 4495kg to 7200kg, allowing for payloads of up to 4700kg depending on the body fitted. Power comes from a 3.0 litre diesel engine with two ratings, a 125kW (170hp) / 430Nm (317lb ft) variant and the class-leading 150kW (205hp) / 470Nm (347lb ft) version – these engines are coupled to either the easy-changing 6-speed synchromesh manual or market-leading 8-Speed full automatic transmission. The models also benefit from the same high quality safety equipment as the vans, four SRS airbags plus Iveco's top-of-the line 'ESP 9' safety package. For greater versatility, cab chassis variants feature 6 wheelbase options from 3000mm to 4750mm, while availability of a PTO on the manual transmission allows the vehicle to also be fitted with sophisticated body types.

- Choice of two 3.0 litre engines with output ratings of 125kW (170hp) / 430Nm (317lb ft) and class-leading 150kW (205hp) / 470Nm (347lb ft)
- 6 speed synchromesh manual transmission or market-leading 8 speed full automatic
- Three GVM options from car licence 4495kg to 7200kg
- Four SRS airbags and Iveco 'ESP 9' safety package
- Optional rear air suspension and differential lock
- Innovative interior with extensive stowage areas and car-like comfort features
- 40,000 kilometre service intervals
- 3500kg braked towing capacity
- Optional "FullVision" Multimedia system with 6.2" touchscreen, with reversing camera, satellite navigation Bluetooth and DVD player (available from February 2017)

3.0 LITRE TURBO DIESEL ENGINE

UP TO 150KW (205 HP) AND 470NM / 347LB FT OF TORQUE

DAILY DUAL CAB

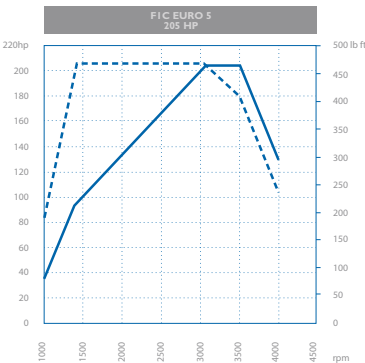

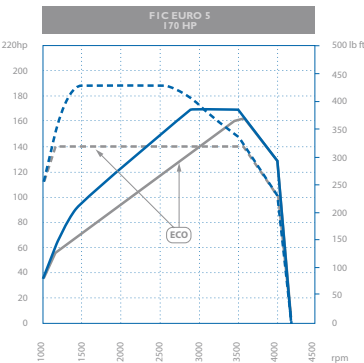

DAILY DUAL CAB CHASSIS

If the space to transport a full work crew plus materials is needed, the Daily Cab Chassis has the answer with the 50C and 70C range also providing a number of dual cab variants. The Dual Cab models provide all the great features of their single cab counterparts with the added flexibility of rear seating to accommodate up to four people and payloads of over four tonnes depending on the body fitted. The models are available in a range of GVMs from car licence 4995kg to 6700kg and in a choice of 5 wheelbases from 3450mm to 4750mm. As with single cab variants the Dual Cab models lend themselves to a wide selection of body fitment options to best suit buyers' needs.

- Choice of two 3.0 litre engines with output ratings of 125kW (170hp) / 430Nm (317lb ft) and class-leading 150kW (205hp) / 470Nm / (347lb ft)
- 6-speed synchromesh manual transmission or market-leading 8 speed full automatic
- Three GVM options from car licence 4495kg to 6700kg
- Four SRS airbags and Iveco 'ESP 9' safety package
- Optional rear air suspension and differential lock
- Innovative interior with extensive stowage areas and car-like comfort features
- Seating for driver and up to six passengers
- 40,000 kilometre service intervals
- 3500kg braked towing capacity
- Optional "FullVision" Multimedia system with 6.2" touchscreen, with reversing camera, satellite navigation Bluetooth and DVD player (available from February 2017)

3.0 LITRE TURBO DIESEL ENGINE

UP TO 150KW (205 HP) AND 470NM / 347LB FT OF TORQUE

DAILY VAN

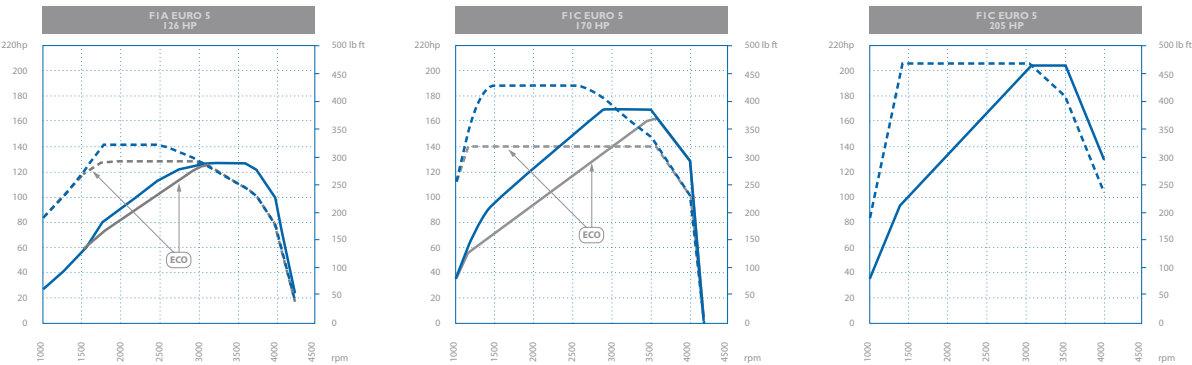

DAILY VAN

Iveco's award-winning Daily van range comprises the 35S and 50C with models to suit just about every application. Unlike most other vans, the Daily features a truck-like chassis for added durability and strength. At the heart of the range are three powerful, yet fuel efficient diesel engines with class-leading power and torque of up to 150kW (205hp) and 470Nm (347lb ft). Coupled to these is a choice of 6-speed synchromesh manual transmission or market-leading 8-Speed full automatic, delivering seamless power delivery. Safety is also well catered to, with four SRS airbags plus Iveco's top-of-the line 'ESP 9' package which includes Stability Control, Roll-Over Mitigation, Trailer Sway Mitigation, Hill Holder, Hydraulic Brake Assist, Hydraulic Rear Wheel Boost, Hydraulic Fading Compensation and Adaptive Load Control. The Daily is available in a wide variety of GVMs, volume capacities, wheelbase options and with either single or dual wheels.

- Choice of 2.3 litre or 3.0 litre engines with output ratings of 93kW (126hp) / 320Nm (236lb ft); 125kW (170hp) / 430Nm (317lb ft) and class-leading 150kW (205hp) / 470Nm (347lb ft)
- 6-speed synchromesh manual transmission or market-leading 8-speed full automatic
- 7 volume capacities from 7.3m³ to market-leading 19.6m³
- GVMs from car licence 3800kg to 5200kg
- Four SRS airbags and Iveco 'ESP 9' safety package
- Standard "FullVision" Multimedia system with 6.2" touchscreen, with reversing camera, satellite navigation Bluetooth and DVD player (available from February 2017)
- Optional rear air suspension and differential lock
- Innovative interior design with extensive stowage areas and car-like comfort features
- 40,000 kilometre service intervals
- 3500kg braked towing capacity

FIA 2.3 OR FIC 3.0 LITRE TURBO DIESEL ENGINE

UP TO 150KW (205 HP) AND 470NM / 347LB FT OF TORQUE

DAILY WORK-READY MODELS

DAILY WORK-READY TIPPER AND TRAY

Iveco's convenient work-ready range allows buyers to purchase either a Daily Tipper or Tray model and drive it straight from the dealership showroom to the work site* without delay. The bodies are fitted to Iveco's popular 50C17 Daily model, with buyers able to choose from a three-way steel tipping body, with both rear and side (left and right) tipping functions, or a steel conventional tray. The Tipper is generously proportioned measuring 3700mm (l) x 2100mm with 400mm sideboards and tailgate, providing an estimated payload of 1500 kg, while the tray provides a huge 4092 mm (l) x 2072 mm cargo area with 400 mm sideboards and tailgate, ensuring there's plenty of room for materials and equipment. Full headboards are also standard on both models.

- Available in car licence 4995kg or light truck 5200kg GVM
- Choice of 3700mm (l) x 2100mm with 400mm sideboards and tailgate Tipper or 4092 mm (l) x 2072 mm cargo area with 400 mm sideboards and tailgate tray
- Standard polished alloy nudge bar and 3500kg rated tow kit
- Powerful 3.0 litre engine with output ratings of 125kW (170hp) / 430Nm (317lb ft)
- 6-speed synchromesh manual transmission or market leading 8-speed full automatic
- Four SRS airbags and Iveco 'ESP 9' safety package
- Innovative interior with extensive stowage areas and car-like comfort features
- 40,000 kilometre service intervals
- 3500kg braked towing capacity
- Standard "Full Vision" Multimedia system with 6.2" touchscreen, with reversing camera, satellite navigation Bluetooth and DVD player (available from February 2017)

*Once registered and insured.

DAILY 4x4

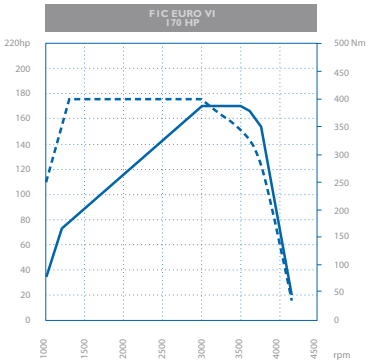

DAILY 4X4 SINGLE AND DUAL CAB CHASSIS

Iveco's Daily 4x4 is a purpose-built light commercial truck with extensive standard off-road equipment ensuring superior performance in the most demanding conditions. Complementing the Daily's full-time 4x4 system are front, centre and rear differential locks and the tractability of a double low range transfer case providing 24 forward gears including an ultra-low 1:101 final ratio. Other features include high tensile steel chassis and parabolic leaf spring suspension for superior articulation. The Daily 4x4 features the same cabin as the award-winning 4x2 models, offering car-like appointments – so while it's tough on the outside, inside it's still comfortable. The truck is suitable for a wide range of recreational and business applications, from outback touring through to emergency service work, as an off-road support vehicle and in mining and forestry work.

- 3.0 litre, 4-cylinder direct injection SCR diesel engine with Variable Geometry Turbo 125kW (170hp) / 400Nm (295lb ft)
- 6-speed synchromesh manual transmission
- Standard front, centre and rear differential locks
- Double low range transmission with 24 forward gears including 1:101 final ratio
- ABS brakes with Electronic Stability Program
- Car licence-friendly 4.495 tonne GVM (optional 5.5 tonne GVM available)
- Single or Dual Cab
- Air suspended driver's seat (optional air suspension on front passenger)

3.0 LITRE TURBO DIESEL ENGINE

UP TO 125KW (170HP) AND 400NM (295LB FT) OF TORQUE
