

# 2022 WAVERUNNERS

ENDLESS  SUMMER

# ENDLESS SUMMER

Endless

/end·less/

ADJECTIVE

Infinite; having or seeming

to have no end or limit.

There is nothing like getting out on the open water, breathing in the fresh air, feeling the warm sun on your back and sharing amazing experiences with your friends and family.

Whether you're into exploring your local waterways, hitting the surf, towing the kids on a tube, racing your mates or simply casting a line - Yamaha WaveRunners deliver endless on-water fun, thrills and adventure.

A reputation for producing the most reliable and highest quality watercraft in the industry, means you'll spend less time in the workshop and more time out on the water, discovering the endless possibilities that Australia's great outdoors has to offer.

With the incredible versatility, legendary reliability and outstanding performance of a Yamaha WaveRunner - you too will experience an Endless Summer.

# #YAMAHA ADVANTAGE

Not all personal watercraft are created equal.  
Don't take our word for it, test ride and see for yourself.

## LEGENDARY RELIABILITY

=

An unrivaled reputation for starting first-time, everytime and the comfort in knowing you will make it safely back to the ramp.

With Yamaha, it's all about Endless Summer fun.

## POWERFUL MARINE ENGINES

=

Purpose-built marine engines designed to take on the harshest Aussie conditions.

Less maintenance, less costs, more vroom.

## OPEN LOOP COOLING SYSTEM

=

Industry's most effective and reliable cooling system design, as used by 99% of marine manufacturers across the globe.

Trouble free boating ensures you keep your cool this summer.

## INDUSTRY LEADING HULLS

=

Advanced high-compression moulding and NanoXcel® technologies deliver high performance racing, touring and recreational hulls and decks.

Hold on tight for an unbelievable performance.

## JAPANESE QUALITY

=

Uncompromising attention to detail, precision engineering and a focus on continuous improvement.

There's simply no comparison, when it comes to quality, finish and performance.

## JOURNEY FURTHER

The most fuel-efficient watercraft in the industry. Less time and money on fuel.

More on water awesomeness.

## 3 YEAR WARRANTY

We stand behind our products and were the first to offer a 2 + 1 year extended warranty as standard.

So sit back, relax and enjoy your time on the water.

## LOWER COST OF OWNERSHIP

Due to exceptional engineering, WaveRunners are cheaper and easier to maintain and attract more when it comes time to sell.

Save more bucks for less hassle.

# INTRODUCING THE FREESTYLE SERIES

One look at Yamaha's Freestyle WaveRunners and it's easy to see why there's only one Freestyle series in the industry.

There's simply nothing else like them. The all new lightweight and playful JetBlaster® is in a league of its own, featuring foot chocks and custom-tuned electric trim to challenge what's possible on a sitdown watercraft. And of course the legendary four stroke, stand-up SuperJet that calls on a new generation of thrill seekers to conquer the water.

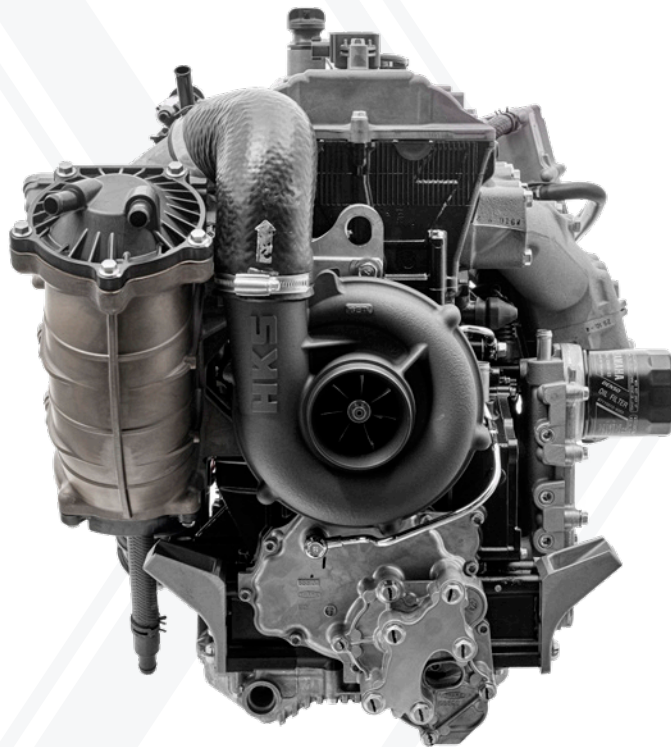

\*Professional riders with advanced skill depicted in a closed course.

# LEGENDARY MARINE ENGINES

Yamaha Marine Engines are the product of more than 60 years of relentless development, meticulous quality control, and an overwhelming appreciation for life on the water.

Each Yamaha Marine Engine features an open loop cooling system and is designed for optimum performance and unmatched reliability in saltwater or fresh water for the long run.

# LUXURY FX SERIES PERFORMANCE

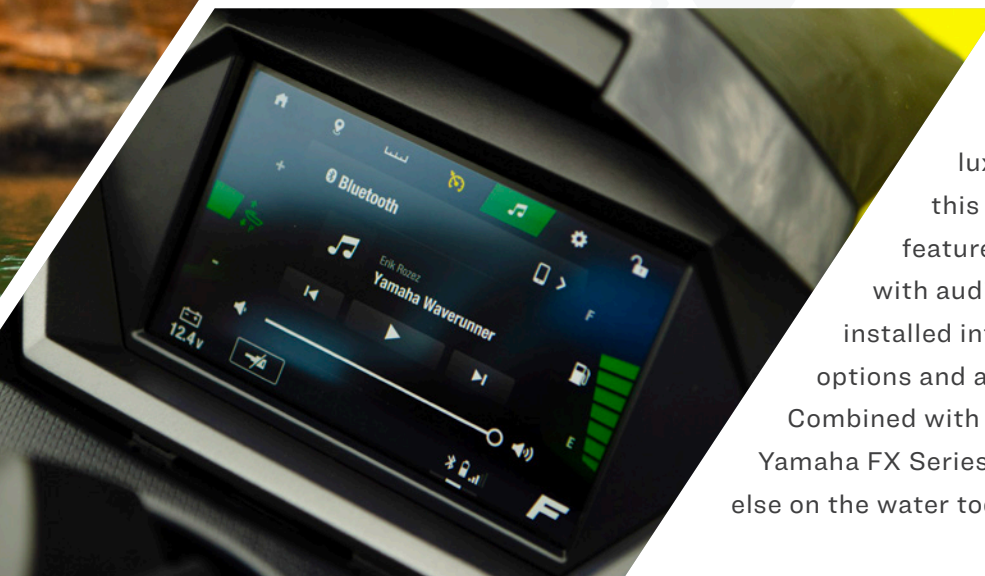

**FX**  
S E R I E S

## THE GOLD STANDARD FOR LUXURY

The FX Series has always set the benchmark for luxury, technology and performance. For 2022, this series takes it to a whole new level with premium features including a 5" or 7" Connex touchscreen with audio controls and phone call connectivity, a factory installed integrated marine audio system, redesigned storage options and a multi-mount system for your favorite accessories. Combined with Yamaha's 1.8 Litre engine and RiDE technology, Yamaha FX Series for 2022 further distances itself from anything else on the water today.

# RACE INSPIRED

GP SERIES

The logo for the GP Series, featuring the letters 'GP' in a large, stylized, orange and yellow font, with the word 'SERIES' in a smaller, black, sans-serif font to its right.

GP  
SERIES

A photograph showing two professional riders on jet skis racing on a closed course. The rider in the foreground is on a black and grey jet ski, leaning forward, while the rider in the background is on a blue jet ski. Both are creating large splashes of water.

Professional riders on a closed course. \*Overseas model shown

A photograph of a man riding a jet ski on a body of water. He is wearing a black vest and sunglasses, and is leaning forward. The jet ski is creating a large splash of water.

## THE #1 CHOICE IN CLOSED COURSE WATERCRAFT RACING

Yamaha's Performance WaveRunners are race ready right out of the box. Grab a handful of throttle and ride what the pros race. With Yamaha's 1.8 litre engine matched with a race inspired intake grate and jet pump, the GP Series is unmatched on the closed course, open ocean, and on your local lake. Take your music with you with the factory installed integrated audio system and hit the water on the number one racing craft in the world.

FREE  
SERIES  
STYLE

## BORN TO CAUSE A LITTLE CHAOS

With the all new JetBlaster and the legendary SuperJet, Yamaha's Freestyle Series challenges your athletic side. The lightweight JetBlaster features wider handlebars for a firm grip on the action, foot chocks to keep you planted when pulling off tricks and a custom tuned electric trim to dial in the ride. The Yamaha SuperJet continues to reign supreme as the industry's leading stand-up model with a four-stroke engine and lightweight hull. Ask yourself if you're up to the challenge.

# MAINTENANCE & SERVICING

To ensure your WaveRunner stands the test of time and achieves maximum resale value when it comes time to sell and upgrade, it is important to follow the recommendations shown in the WaveRunner Owners/Operators Manual:

## WASH

Wash your WaveRunner down after every use with Yamalube Pro Spray Wash and for those stubborn stains, use Yamalube Hull Cleaner.

## FLUSH

Flush your engine after every use and spray with Yamalube Silicone Protectant and Lubricant.

## PROTECT

Protect your pride and joy from the elements with a high-quality genuine WaveRunner cover.

## SERVICE

Ensure your WaveRunner is serviced by an Authorised Yamaha Service centre at the correct service intervals.

## PARTS

Always use Yamaha Genuine Parts and Accessories.

Only use an Authorised Yamaha Service centre, because no one knows your WaveRunner better than your dealer. They have the technical expertise and factory know-how to service and maintain your investment.

## YAMAHA 3 YEAR WARRANTY

At Yamaha, we stand behind our product, that is why we were the first in the industry to offer a three-year (two + one) warranty.

This is made up of a two-year standard manufacturers warranty, plus customers who choose to have their WaveRunner scheduled services (listed in the applicable owner's manual) completed by an Authorised Yamaha Service

Centre, receive an additional one-year Extended Warranty.

Yamaha's three-year warranty is available for no additional cost and covers all new WaveRunners purchased from an authorised

Yamaha dealer for personal use only.

With Yamaha you can relax and enjoy your time on the water knowing you are protected, should you ever need it.

# RESPONSIBLE RIDING

## RESPECT LOCAL MARITIME REGULATIONS

- > Always obey local navigation regulations
- > Ensure your PWC is registered, with appropriate labelling affixed
  - > When required by local authorities, present all papers (permit, registration card, insurance document etc.)
- > Observe and obey local age restrictions for riding
- > Do not enter any prohibited zones
- > Ride at reduced speed in harbours and obey speed limits
  - > Do not ride your PWC at night
  - > Do not ride PWC after consuming alcohol or drugs.

## RESPECTING THE ENVIRONMENT

- > Always refuel on land and keep the engine compartment clean at all times
- > Responsibly flush and clean the PWC after each ride
- > Do not litter or pollute the waterways
- > Respect fauna and flora, and adapt speed when in areas with a high wildlife population.

## RESPECTING THE FACILITIES AVAILABLE IN PORTS

- > Do not damage launching ramps or their surroundings
- > Only leave your PWC trailer in the designated parking area
- > Respect other ramp users and wait in turn to launch PWC.

## SHARING WATERWAYS

- > At all times, maintain a safe distance from the shore, other vessels, and people in and around the water
- > Limit noise pollution around other vessels and residences
- > Pay attention when riding and keep an eye on the conditions
- > Be wary of off-shore winds and tidal currents
- > Plan your trip carefully, ensure there is enough fuel and the PWC is sea-worthy before riding
- > Check operational controls prior to riding
- > Remain with the PWC during an emergency or mechanical failure.

## RIDING WITH ALL SAFETY EQUIPMENT

- > Ensure appropriate riding gear is worn at all times i.e. Wear approved life jacket and riding gear
- > Bring a towing device (anchoring point and tow rope)
- > Ensure the tether lanyard clip is attached to the driver's wrist or life jacket at all times. This cuts the engine ignition if the driver falls overboard
- > Bring a portable phone (in a waterproof case) or a hand-held marine radio at all times.
