

MY23 Silverado 1500

Information & Order Queue Brochure

Overview Information

General Information

- The MY23 Silverado 1500 will be available in Australia from Q2 2023
- The 6.2 Litre V8 Petrol Engine will remain
- The 10 Speed Auto will remain

Key Enhancements;

- A Fully redesigned interior, featuring a sweeping horizontal instrument panel that makes the cabin feel more spacious and premium, along with a new, more functional central console.
- Introduction of an electronic transmission shift control, now located on the centre console.
- A 13.4 inch-diagonal colour touchscreen and 12.3-inch diagonal configurable digital instrument cluster.
- A new front fascia, which emphasizes the truck's stability & strength with a wide, planted stance and new daytime running lights.

Interior changes

(Images are representative only – overseas model shown)

- 13.4 inch – centre touchscreen
- 12.3 inch – digital dash cluster
- Electronic transmission gear selector, now mounted on the centre console.

Model Line up

- Model line up has not been confirmed but it is expected LTZ will remain as the core model and there could be a higher grade and maybe a lower grade variant available.
- Exact details will be confirmed at a later date expected to be mid 2022.

Pricing

- Pricing will be confirmed along with the model range from GMSV mid 2022.

MY23 Silverado 1500 Order Queue

- Lancaster GSMV will be taking pre-orders for MY23 Silverado 1500.
- \$1000 deposit which is re-fundable up until pricing & specifications are confirmed.
- The deposit hold your position in our order queue.
- The Order queue will be the way we allocate vehicles when allocated to us by GSMV.
