Styled by action and adventure

GENERAL STORE

Toyota has a long tradition of creating vehicles that rise to the challenge, and Fortuner is no exception. With genuine 4x4 capabilities, it's purposely designed to deliver the ideal balance between the demands of a quick trip to the hardware store, as easily as tackling outback tracks on your next adventure.

By drawing inspiration from iconic Toyota SUVs and HiLux range, the powerful and comfortably appointed Fortuner redefines the capabilities of a polished SUV.

The progressive exterior styling features a distinctive black grille with silver paint surround on GX grade and a chrome surround finish on GXL and Crusade.

Sleek Bi-LED headlamps are set in chrome accents on GX and GXL grades, with Premium Bi-LED headlamps standard on Crusade. These use the same advanced lighting technology for high or low beam and will automatically maintain a constant beam angle, as the load weight increases or decreases. Integrated LED Daytime

Running Lamps complement the headlamps to ensure you can be seen at all times.

Rugged, functional and capable, Fortuner represents the shape of the future. So whether you're taking on tough Australian terrain or simply escaping for a weekend, Fortuner is built to take you further.

A seamless blend of comfort and intelligence

The interior of Fortuner has been aesthetically designed to help improve the way you travel, no matter how far or where you plan to adventure.

Variable Flow Control Steering provides a more natural feel and reduces the effort required by the driver by automatically delivering the optimal level of power steering to match the driving conditions. In Sport Mode, on GXL and Crusade, the steering is adjusted for a slightly heavier feel and control, plus the Paddle Shifters on GXL and Crusade provide you with an even more connected drive.

The front dual-zone climate control on GXL and Crusade will constantly maintain the temperature for perfect comfort, no matter the weather outside.

The flexible 7-seat layout includes an extremely functional 60/40 tumble and slide second row to provide ample space for family and friends, as well as the capability to carry diverse loads such as camping gear with ease.

Whatever your destination, you'll always find a welcoming space of modern comfort and practicality inside Fortuner.

Steering wheel and MID

Technology to take you further

The technology found within every Fortuner grade has been inspired by functional simplicity. Everything has been designed around the latest innovations to help your drive be a more enjoyable and effortless experience.

The 4.2" colour Multi Information Display (MID) shows fuel consumption levels, outside temperature, possible cruising range as well as other important trip and vehicle details.

The 8" colour touchscreen provides one-touch control of essential functions through a highly intuitive interface of steering wheel buttons or direct contact with the screen. Apart from controlling audio, phone and voice commands, the screen also displays important information including audio and communication details. To help get you to your destination with minimum fuss, satellite navigation¹ is also standard on Fortuner GXL and Crusade and as an option on the GX. The AM/FM audio system comes with Bluetooth^{2,3} and USB connectivity² that allows you to connect compatible devices to play your favourite music and content. It also supports Apple CarPlay^{4,5} and Android Auto^{TM,4,6} (speak to your Dealer about device compatibility), allowing you to navigate and access your apps on compatible smartphones.

Crisp audio is delivered by Digital Radio⁷ that comes as standard on Fortuner GXL and Crusade and optional on the GX, with the sound definition further enhanced with an 11-speaker JBL^{®8} audio system on Crusade.

Fortuner delivers all the advanced functionality and control you need to make every journey a joy.

Power back door – Crusade model shown

A natural performer in every way

With its impressive array of finely-tuned features and enhancements, Fortuner establishes a new standard for performance across both busy urban and rugged off-road environments.

The fuel efficient 2.8L 4-cylinder turbocharged diesel engine is linked to a smooth 6-speed automatic transmission and boasts 150kW of highly responsive grunt with 500Nm of torque to easily shoulder the load. Having such an abundance of power also delivers an impressive 3100kg braked towing capacity.⁹

Further improvements in fuel efficiency can be achieved by using the Eco Mode to automatically adjust the engine performance and reduce the power demand in relation to acceleration and the heating or cooling.

Ride comfort has also been refined to elevate the travelling experience for everyone inside. Wind, road and engine noise are suppressed with sound absorbing material throughout the body as well as snug side door and glass seals.

The suspension package has also been developed, tested and tuned in Australian conditions to be equally at home on city roads or rough dirt tracks as well as providing a superior level of ride and handling.

With such lively performance and assured control, tackling any challenge has never felt more rewarding.

Toyota Connected Services¹⁰

3 years complimentary access¹⁰

Driving should be easy, enjoyable and safe. That's why inside every connected Toyota you'll find a suite of advanced features focused on safety, convenience and a better driving experience.

To learn more, please visit toyota.com.au/connected

Stolen Vehicle Tracking¹¹ (SVT)

Should the unthinkable unfortunately occur, you'll have the peace of mind of knowing Toyota Stolen Vehicle Tracking (SVT) is designed to help find your missing vehicle. After filing a stolen vehicle report to the police, and providing your VIN and police report number to a Toyota Stolen Vehicle Assistance agent, the agent will validate your SVT subscription and initiate tracking. They can then provide updates to the police to assist with the potential recovery of your vehicle.

Automatic Collision Notification¹² (ACN)

Every second counts when assistance is needed the most. Should an airbag deploy or a severe collision be detected by the impact sensors, Toyota Automatic Collision Notification (ACN) is designed to automatically connect with our 24/7 Toyota Emergency Assistance call centre. If you're unable to communicate or respond, we'll immediately contact emergency services and direct them to your vehicle's location.

SOS Emergency Call¹³

If the situation ever arises where you require urgent assistance, it's comforting to know help can be available at the touch of a button. In the event of a genuine emergency, you can speak directly to a Toyota Emergency Assistance agent, 24/7, simply by pressing the dedicated SOS button in your vehicle. If required, they can direct emergency services to your vehicle's location.

Rock solid safety and protection

Toyota's long standing attention to safety provides the reassurance of knowing every Fortuner is equipped with seven SRS airbags to ensure exceptional all-round protection inside the cabin.

Brake Assist¹⁴ (BA) will help ensure the safest possible braking distance should you need to brake during an emergency.

Vehicle Stability Control (VSC) will automatically help maintain grip on slippery surfaces and provide greater control when cornering.

If a trailer begins to sway, then Trailer Sway Control (TSC) will automatically use brake and engine control to help suppress the movement.

The reversing camera¹⁴ helps deliver a clear view of what's behind and provides static guidelines to help you reverse into tight spaces. The front and rear parking sensors¹⁴ also provide an active warning using buzzers and a display on the MID as the vehicle approaches stationary objects.

Toyota Safety Sense

Toyota
Safety
Sense

At Toyota, we believe it's simply not enough to say "safety comes first" – we prove it. That's why, in our ongoing pursuit of creating ever safer cars, now and into the future, we developed Toyota Safety Sense¹⁴ (TSS). A suite of active safety features designed to help support safe driving and help protect you and your passengers.

Fortuner features the latest TSS driver assistance technologies, aiming to recognise and help avoid certain hazards and collisions, giving you and your passengers greater peace of mind wherever you're headed. Please visit toyota.com.au for vehicle and specification information.

Pre-Collision Safety system with pedestrian and daytime cyclist detection

Pre-Collision Safety¹⁴ (PCS) system with pedestrian and daytime cyclist detection is a multi-stage warning system. Using an integrated camera and radar to help detect other vehicles in front of you, the PCS system is designed to assist the driver where there is a likelihood of frontal collision with cars and pedestrians during day or night, or cyclists during the day time. PCS system includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision appears to be unavoidable automatic braking to help mitigate impact.

Road Sign Assist (speed signs only)

Road Sign Assist¹⁴ was developed to help recognise certain road speed signs and provide information to you. It displays the most recently recognised speed limit on the Multi Information Display.

Active Cruise Control (high-speed)

Active Cruise Control¹⁴ is designed to help keep a constant distance between vehicles. It uses a millimetre wave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.

Lane Departure Alert with brake to steer

Lane Departure Alert¹⁴ with brake to steer is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane. It may also apply additional braking force if needed, to help you stay in your lane.

GX

Refined toughness ready to start your next adventure.

- 2.8L turbo diesel engine
- 6-speed automatic transmission
- 17" alloy wheels with steel spare wheel
- Side steps
- Variable Flow Control steering
- LED headlamps and DRLs
- Air-conditioned cool box
- 6-way driver and 4-way passenger manual seats
- 60/40 tumble and slide 2nd row
- 6 speakers and 8" colour touchscreen display
- Apple CarPlay^{®4,5} and Android Auto^{™,4,6} – speak to your Dealer about device compatibility
- 7 SRS airbags
- Front and rear parking sensors
- Toyota Safety Sense – including Pre-Collision Safety system with pedestrian and daytime cyclist detection, Lane Departure Alert, Active Cruise Control (high speed) and Road Sign Assist (speed signs only)

- Reversing camera
- Smart entry and start system
- Toyota Connected Services with 3 years complimentary access¹⁰ – including Stolen Vehicle Tracking¹¹ (SVT), Automatic Collision Notification¹² (ACN), and SOS Emergency Call¹³ (SOS)

Option Pack:

- Satellite navigation
- Digital radio

GXL

8" colour touchscreen display

The Toyota Advantage

When you join the Toyota family, you get so much more than a new car feeling. You get a lifetime of benefits keeping you moving now and well into the future.

Discover your Toyota lifetime of advantages at toyota.com.au

Discover the freedom of Toyota Access¹⁹

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.²⁰ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself, visit toyota.com.au/toyota-access

Capped price servicing²¹

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to 3 years or 60,000km, whichever occurs first (including Toyota Genuine parts, labour and fluids). For the full benefits, consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards, and from 1 January 2019, Toyota vehicles are backed by a 5-year/unlimited kilometre warranty.²² If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,²³ giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60-day money back guarantee and 7 years emergency assistance including expenses related to car hire or towing if required. For more information, visit toyota.com.au/owners/warranty

Finance to get you going

If you need a little help, Toyota Finance²⁴ can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first 3 years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²⁵ For more information, visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Roadside Assist²⁶ is never more than a phone call away. 24 hours a day, 7 days a week, our technicians are there to help you get back on the road. For more information, visit toyota.com.au/insurance/roadside-assistance
