About

From humble beginnings in 1989 to a global powerhouse in 2022: the history of CFMOTO is a storied one and a nod to the single-minded dedication of a company to succeed in the pressure-cooker environment of global motorcycle and powersports markets.

Now in its third decade of manufacturing, CFMOTO has an ever-expanding portfolio of motorcycles, quads (ATVs), utility side-by-side vehicles (UTVs) and sports side-by-side vehicles (SSVs), as well as an unwavering commitment to expand its electric vehicle footprint.

Indeed, CFMOTO has already launched an electric motorcycle sub-brand called ZEEHO, conceived to provide a design-led lifestyle to young generations through tech-driven and environmentally conscious urban mobility.

Backed by a 280,000sqm high-tech manufacturing facility, CFMOTO is easily China's largest exporter of ATVs and UTVs with an annual production capacity of more than 260,000 units, distributed to more than 100 countries. In Europe, CFMOTO is the best-selling ATV/UTV brand with a whopping 25 per cent market share in 2020.

Closer to home, CFMOTO has sold more than 30,000 vehicles since its Australian debut in 2005 through its robust network of more than 80 dealers.

CFMOTO's motorcycle trajectory has expanded enormously over the last decade, which is not only a function of its own R&D initiatives but also a technical partnership with KTM.

The collaboration was inaugurated in 2013 to produce small-capacity KTM-badged models for China, a market of which is approaching 20 million motorcycle sales a year.

The CFMOTO/KTM joint venture now comprises an office, R&D building and manufacturing facility in Hangzhou, and for Australian customers the all-new 800MT adventure range is the most tangible sign of the two companies working together.

The joint venture will further expand CFMOTO's R&D team, which currently comprises more than 200 employees across five countries – in addition to CFMOTO's workforce of more than 4500 employees worldwide.

Modern facilities, technical wherewithal and a huge focus on providing extraordinary value for money: CFMOTO is in the fast lane to becoming a premium global powersports brand.

Brand Ambassadors

Shane Jacobson

He's the one and only Shane Jacobson, who's joined CFMOTO Australia as a brand ambassador – and with his love of anything with a motor in it, a sharp wit and magnanimous, relatable qualities, we're looking forward to the relationship reaching some great heights!

All 4 Adventures

Now into their 14th season, Australia's No. 1 adventure, fishing and 4x4 show will see the two hosts – Jase and Simon – continue to explore some of the most remote parts of the country with CFMOTO joining them on every step of the journey.

SPECS

CFORCE

CFMOTO cut its farm teeth in ATVs, and the eight-model CFORCE range – including the new benchmark-setting 400s, 520 and 625s – bears all the hallmarks of that experience, ingenuity, craftsmanship and attention to detail. No stone is left unturned to get the most out of a workday, with the spec-rich range offering unbeatable value for money. From 400 to 1000cc, we've got the CFORCE to meet your needs.

Mojo Motorcycles Pty Ltd., the Australian distributor for CFMOTO, has released an updated quad bike range that complies with stage 2 of the Australian Government mandatory Consumer Goods (QuadBike) Safety Standard. All quad bike models listed in the brochure are stage 2 compliant.

For further information about the new standard please talk to your CFMOTO Dealer or head to CFMOTO Australia's website - www.cfmoto.com.au

atv

lighter, stronger, smarter

With refinements
across the board,
introducing the
**CFORCE 400, 400
EPS and 520 EPS**

Key refinements

- Stronger than ever with a 612kg towing capacity
- 25 per cent tighter turning radius, now down to 5.6 metres one-up
- 50 per cent more front and rear rack loading capacity
- 30 per cent stronger and 10 per cent lighter frame
- 26 per cent more suspension travel
- 21 per cent more fuel capacity
- 25 per cent less leg area temperature
- Reduced vibration through handlebar, footrests and seat.

**CFORCE
400**

Best Value

When it comes to value for money, the CFORCE 400 stands alone. A 400cc, 4WD ATV loaded with work-ready features and a two-year factory warranty.

- 30 hp, 400cc engine ● Bosch EFI
- CVT transmission ● Engine braking
- 2WD/4WD with locking front differential
- Hydraulic disc brakes
- Front and rear dual A-Arm independent suspension
- Steel wheels ● 24-inch 6ply tyres
- Steel carrier racks ● 612 kg tow capacity
- 30 kg / 60 kg rack capacity
- 2 Year Warranty

Sky Blue

**CFORCE
400
EPS**

Ultimate work machine

Loaded with all the same features as its CFORCE 400 workmate, the EPS model adds power steering, alloy wheels and a heavy-duty winch to get even more out of your workday.

- 30 hp, 400cc engine ● Bosch EFI
- CVT transmission ● Engine braking ● Power steer
- 2WD/4WD with locking front differential
- Hydraulic disc brakes
- Front and rear dual A-Arm independent suspension
- Alloy wheels ● 24-inch 6ply tyres
- Steel carrier racks ● 2500lb winch
- 612 kg tow capacity ● 30 kg / 60 kg rack capacity
- 2 Year Warranty

Lava Orange

**CFORCE
520
EPS**

The Aussie favourite

Out in the paddock, you'll love the CFORCE 520 EPS with its bigger 495cc engine. This quad is loaded with extras including power steering, a big 5-inch LCD display, ultra-bright LED lights, winch, handguards and 12-inch alloy wheels with larger 25-inch rubber.

- 34 hp, 495cc engine ● Bosch EFI
- CVT transmission ● Engine braking ● Power steer
- 2WD/4WD with locking front differential
- Hydraulic disc brakes
- Front and rear dual A-Arm independent suspension
- Alloy wheels ● 25-inch 6ply tyres ● Premium carrier racks
- Handguards ● 5-inch LCD display ● LED headlights
- 2500lb winch ● 612 kg tow capacity
- 30 kg / 60 kg rack capacity ● 2 Year Warranty

Force Red

stronger, smoother, smarter

CFMOTO's
engineers left no
stone unturned
when it came to
reviewing the
robust C-Force 625

Key refinements

- Bigger 612 kg tow capacity
- More power with 45hp and 51Nm of torque
- New cylinder head features revised intake and exhaust channels
- New combustion chamber design
- Optimised coolant channels and camshaft profile
- Complemented by larger-diameter intake and exhaust valves
- New forged piston for greater strength with reduced weight and vibration
- A Diamond-Like Coating (DLC) piston ring to enhance engine durability.
- New UP6.0 ECU platform. Far more powerful than before, delivering improved throttle connection, smoother control, and increased comfort
- New ride-by-wire throttle lever and throttle body
- Choice of two drive modes, Normal or Work
- New engine mounting to reduce noise, vibration, and harshness

C-Force
625
EPS

Next generation

CFMOTO's largest capacity, single-cylinder ATV, the C-Force 625 EPS, has undergone a series of technical updates and refinements for MY23, taking the already impressive package to new heights.

- 45 hp, 580cc engine
- Bosch EFI, ride-by-wire
- Two drive modes
- CVT transmission
- Engine braking
- Power steer
- 2WD/4WD with locking front & rear differential
- All 4 wheel hydraulic disc brakes
- Dual A-Arm independent suspension
- Alloy wheels
- 25-inch 6ply tyres
- Handguards
- 3000lb winch
- 612 kg tow capacity
- 35 kg / 70 kg rack capacity
- 2 Year Warranty

Total Care

There's something magical about buying a brand new CFMOTO – whether it's the first purchase or your 10th.

Regardless of the circumstances, picking up a brand spanking new CFMOTO is a wonderful feeling.

Owning a CFMOTO is an amazing experience, and one of the best ways to ensure the good times continue is with a regular service and maintenance routine. Trust us: your CFMOTO will thank you for it!

Parts & Accessories

Genuine parts and accessories are tailor-made for your ATV, UTV or SSV, and it's no different with CFMOTO. What is removed is returned with a perfect match, and the accessories have been manufactured to account for every nuance of your model to enhance your CFMOTO even more.

And, of course, genuine CFMOTO parts and accessories come with the highest level of quality controls, so you know you're getting the best.

Shop CFMOTO

Parts and accessories are available from our on-line shop 24-7, but the best place to get wise counsel is from your local CFMOTO dealer.

Your authorised CFMOTO dealer can also help you with that vital, final piece of the ownership matrix – ensuring your vehicle is serviced in accordance with manufacturer guidelines.
