

BE
REBORN

WITH THE ALL
NEW CLASSIC

BE REBORN

The All-New Classic 350 continues to embody the traditions and craftsmanship of the past as it is reborn on the new J platform. Inspired by the post war G2 model, first born in 2008, the Classic 350 of 2022 continues to celebrate the timeless aesthetic through the curvaceous mudguards and teardrop fuel tank, hallmark casquette headlamp, enduring lines of the crankcase covers, singular paint colours, the distinctive thump that breaks out of the exhaust - all harmonise as one, rejoicing in the masterpiece that is the timeless Royal Enfield Classic. Elegant, with a gleaming finish that adorns exceptional construction, it radiates unmatched beauty and quality that will last through time.

CLASSIC 350

STRONGER THAN TIME

Central to the All-New Classic 350, is an all-new heart which beats to Royal Enfield's unique rhythm. Partnered with a new twin downtube chassis that rides strong and true, and a solid, dependable build quality, the Classic is your ally wherever the destination may be. The upright riding position gives the Classic rider a commanding road presence while larger diameter brakes beef up its stopping power. But stronger doesn't just mean capable and tough, the Classic is endowed with comfort too, with its improved, wider seat cossetting its rider.

Engine

349cc, Single Cylinder,
4-stroke, Air-Oil Cooled

Fuel Capacity

13 ltr

SMOOTHER

WITH EVERY RIDE

Gliding down the open road, swooping around twisting bends, weaving through city streets or winding along country trails, the versatile timeless Classic is equipped with wider bars and tyres for effortless and secure manoeuvrability. Designed with a balancer shaft for silken revs, the light clutch for gentle gearshifts, and the impeccably-mapped fuel injection on the new 350 J platform delivering the smoothest, most refined ride experience that will soothe, bewitch and thrill its rider.

SMARTER

UP TO THE MINUTE

Timeless also means 'up with the times', and Classic's new instrument cluster combines the gracefulness of a 'dancing needle' analogue speedometer with the functionality of an LCD display. A discreet USB port mounted below the handlebars enables essential charging on-the-go and the confidence-inspiring Dual Channel ABS sets a standard on all editions.
