22-Nov-13

Andrew was polite, courteous and attentive to my needs. He went above and beyond to put all the optional extras on my Hilux SR5 within a few days. He followed up with everything. Even today as I had my first service he still continued with his exceptional customer service. Very rare in this day that someone will show this genuine care. It was a refreshing change as most car salesman`s want nothing to do with you after your purchase but this is not the case when it comes to Andrew.

We really came in to test drive the Dualis, but the dealership matched a very good price we saw elsewhere. They were very helpful but not pushy. They explained everything, offered tea and coffee, so we decided to buy the car and take the finance offer. Very positive experience, delighted with the car and have told others.

Negotiation was not required when dealing with David, his price was very competitive and dealt in an honest manner. The behaviour and professionalism from David was exemplary, especially when you compare the other experiences I had. -I typically purchase a car within a matter of days. This purchase was ongoing for months due to poor service from other dealerships. After ringing David, I drove to Goulburn and was happy to do business with David and I appreciate his honesty in business.

After contract was signed Duncan took us over to our new Prado where he further explained some of the features of vehicle. All the extras we had asked for had been carried out. Nothing seemed to be any trouble. The bow on the front of our vehicle was great, the photo taken in front of the car was special. We were made to feel like we were valued customers. Duncan was very thorough in making us welcomed and answered all our questions that we had asked him about the car. He also showed us many features of the car, fully explain how to use them and his knowledge of the vehicle was very satisfying. We would certainly see him again if we were going to purchase another vehicle. I hope that the staff keeps up their friendly approach and helpfulness towards their customers as this is a quality that will keep bringing customers back.

Mr R J McCarthy

The sale person Michael Upfield was a genuine person to deal with. Michael said he would give me the best trade in for my Nissan Patrol, and to his word he did beating the Sydney Toyota dealer with his first change over price. This is what customers want, not to play each dealer against each other, your best price should be your first and ONLY price. Thanks Michael for meeting my financial obligations in buying the Hilux.

Mr G McGovern

It is a beautiful car to drive.

Duncan went out of his way to help me select a car which suited my needs, and made sure that I was completely comfortable with the process the entire way through. The day that I picked up my new car, he spent a significant amount of time with me, introducing me to all of its bells and whistles - he even set up my phone in the Bluetooth system! From the moment I walked in to enquire to the moment I drove my new car away, he was enthusiastic, likeable, friendly, knowledgeable and helpful. I am truly unable to fault my experience with Goulburn Toyota. Both the salesperson, Duncan, and the finance lady, Sarah, were extremely professional and just a pleasure to deal with. My new car arrived exactly on schedule and in perfect condition. I am SO happy with my new Prius! Peter was very impressive in the way he went about his business. Did not get pushy and his understanding of what we wanted and when we wanted it delivered exceeded our expectations. He arranged the Prado with the best price he could get for us. We were treated like they wanted us to be there, as we have bought several Toyota and several Fords. This is the best vehicle pick up we have ever had from any dealer and we will recommend Goulbourn Toyota to many of my family and friends. Duncan Brede came down at the time of the sign up of the vehicle and we were very happy with the way he also treated us. Not just a number but almost like part of the family.

We were about to change car brands when on the off chance we rang Goulburn Toyota.-The young salesman there was exceptional. Through his efforts he basically retained us as a Toyota customer. We cannot speak highly enough of him. The new car was presented on the showroom floor with a big red ribbon bow on the bonnet and photographs of us taking delivery were taken.-Something I have never experienced from a dealer before, not even Lexus and was greatly impressed. Last Saturday my wife and I had the privilege of taking delivery of a new Suzuki SX4 from David Albrighton. Being frequent visitors to Goulburn for 'days out' and shopping we decided to contact your dealership. David took the initial call and the deal was done over the phone straight away. We were able to secure what we thought was a very good deal including the $500 worth of accessories we missed out on during the 6 day sale as part of the deal. When we arrived to pick up the vehicle David had kindly added some other accessories to the package as well. To say we were impressed with David as a person is an understatement. He went out of his way to ensure everything went smoothly and to trust us through a telephone agreement was great. He is a person of quality and so is your dealership. The vehicle was presented to us in superb condition with a large bow on the bonnet, which impressed us. We will endeavour to send more business your way should the opportunity present itself.

My brother in law had just purchased a new Hi-Lux from Robert BOWERMAN at Goulburn Toyota. He told me how good he was to deal with. In short I was very impressed with Robert from the first contact. He was honest and I was really comfortable dealing with him. He took a great deal of care and time showing my wife and I over the vehicle. He contacted me some days later and asked how the vehicle was going. I can honestly say if it weren't for Robert I would have purchased the Kluger in Sydney. I will certainly recommend him to any friends looking for a new vehicle.
