Types of Customs Education and Training

- Pre-job Training
  - Customs Admission Training
- On-the-job Training
- Training for Promotion
  - Post Qualification Training
  - Ranking Promotion Training
- Foreign-related Training
  - Training Abroad
  - Foreign Experts
  - Training for Foreign Customs Officials
Pre-job Training

New-Post Training—— to train the civil servants newly recruited by the Customs

- Military Training
- Internship
- Concentrated Training
- New Post Training (1 year)
Pre-job Training

Post-Shifting Training—to train the civil servants who shift the post in the Customs

- Training Principle—Adaptability
- Training Module—Concentrated, lecturing and self-studying
- Examination Method—Jointly examined by offices of education, personnel and the new post. Only the qualified can be allowed to shift to a new post.
Post Qualification Training—to train the candidates promoted to the different leading posts in the Customs.

Training Scope

- Customs officials to be promoted to the leading posts at the section, division and bureau level.
- Customs officials approved by the authorization organ to be promoted to the leading posts at the section, division and bureau level, but having not received the post qualification training.
