

Gallery Lane Cove + Creative Studios

Children's Ceramics Class Terms and Conditions

Whilst Gallery Lane Cove + Creative Studios takes *extreme* care when firing works, by the nature of ceramics there is always a risk of technical failure for which we cannot be held responsible. We are unable to guarantee that all work will be successfully fired and cannot take responsibility for any works that sustain damage or breakages during the firing process.

There are many variable factors such as a piece's position in the kiln, thickness of the clay and proximity to other works that can affect the outcome of the firing. By enrolling in this class you are acknowledging the risk associated with communal firings and agreeing to the above terms and conditions.

We highly recommend explaining the possible risk of damage to any children enrolled in ceramics classes before they attend to avoid any disappointment in the event that their works do sustain damage.

The firing and glazing process can take up to 4-5 weeks to complete. If you have not heard from us after this time regarding pottery collection please call the gallery. Whilst we ensure that everyone has been emailed regarding collection we cannot guarantee that all emails will be delivered. We recommend checking your junk mail during this period or changing the settings in your email to allow emails for the gallery.
