## WEA 200: LEGENDS OF LEARNING

PROVIDING ACCESS TO LEARNING OPPORTUNITIES FOR  
THE COMMUNITY

# Sponsorship

## HELP SOMEONE LEARN

WEA 200 AIMS TO PROVIDE PEOPLE FROM OUR COMMUNITY ACCESS TO LEARNING OPPORTUNITIES WHICH MAY INSPIRE THEIR PASSION, DREAMS OR JOURNEY TO BIGGER AND BETTER THINGS.

This program is not just about learning for vocational reasons. It is about engaging people in experiences that inspires them to achieve more.

Learning brings its own advantages that include:

- Provides a sense of achievement and accomplishment
- Boosts our confidence and self-esteem
- Makes us less risk averse and more adaptable to change when it happens
- Helps us achieve a more satisfying personal life
- Challenges our ideas and beliefs
- Can be fun

The benefits go far beyond the actual subject matter.

- People are '*learning to know*' by developing their learning tools, and learning how to learn.
- They are '*learning to do*' which is equipping them to adapt to different circumstances, people and environments.
- Learning experiences enhance people's '*learning to live*' skills; helping them develop skills in working with others, discovering other cultures and opinions, fostering community capacity, personal resilience and reciprocity and finally;
- They are also '*learning to be*'. Education of all kinds contributes to a person's development;

mind and body, sensitivity and intelligence and their resilience in life.

The 'WEA 200: Legends of Learning' Program aims to engage people who would find it difficult to do so in their current circumstances. We aim to connect learners with a course that they can use to launch themselves to the next step. The types of learners who will be accessing the program are:

- People who have not been engaged in any formal learning for a long time but have a passion they would like to pursue;
- People who may have previously had a very bad experience of learning and have not been able to move forward since;
- People who would like to 'dip their toe in the water' prior to moving onto bigger (and maybe scarier) education and training pathways.
- People who have a burning desire to participate in a course but do not currently have access to the resources to make that happen.

WEA Hunter (Workers Educational Association Hunter) is the 5th largest provider of community based adult learning in NSW. It is also one of the sector's most diverse education providers offering government contract training, vocational education training and youth education. ## WHY IS IT CALLED THE WEA 200: LEGENDS OF LEARNING

For as little as \$200 you can make a difference to someone's life and allow them to have the opportunity to participate in a course where they may not have previously had the fortune to do so.

The name represents your business, because from the moment you come onboard and sponsor a student your business becomes a LEGEND of Learning, giving back to the community through collaborative opportunities.
