Suppliers

A & E Metal Merchants Smith Street Marrickville # 8568 4200

AJS Level 1, Dymocks Bldg.

George Street Sydney #8256 2666

Please note

A & E Metal are a supplier of Metal predominantly however they also supply a limited amount of tools and equipment. Check with them first as they may have all you need in the list of Materials that you require for the course. The "tools optional" are mostly pliers I will have some available for you to use however if you want your own for personal use they will be available from AJS.
