In *Big Foot and Little Foot: The Monster Detector*, Hugo the Sasquatch and Boone the human go in search of monsters they've seen only on the cards they collect. However, they discover that sometimes the creatures they're chasing aren't monsters at all. What kinds of creatures would you like to see? Use the space below to draw your own creature cards.

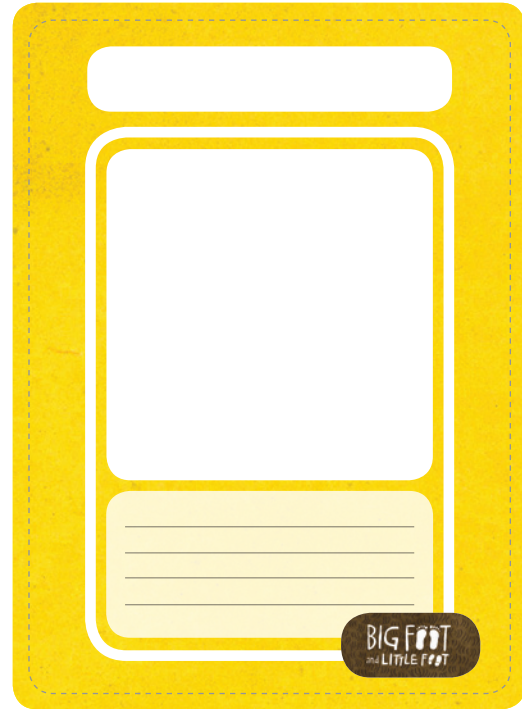

## SASQUATCH

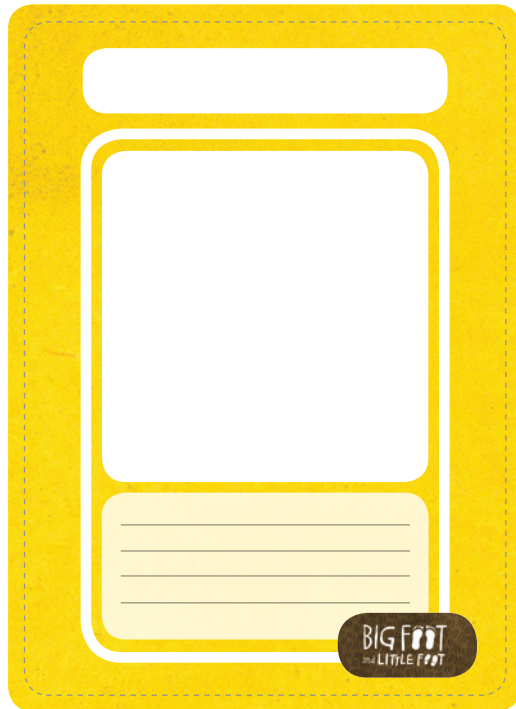

Once thought to be ferocious and dangerous, Sasquatches are actually gentle and kind creatures. They live in the forest and are often afraid of humans.
