Going to Latitude
When I arrive at Latitude, I will need to wait in line.
When I get to the front of the line, they will give me a wrist band and special socks. I need to wear my wrist band and my special socks when I am inside. My special socks will help my feet grip onto the play equipment.
There are lots of different play areas that I can go to.

I can jump on trampolines,
I can jump into the air bags,
I can play some different games,
I can go on the climbing wall or obstacle course
Or I can go into the kids zone.
When I am playing, I will try and remember that there are lots of people around me and that I will need to wait and take turns.
When I go into a play area, the crew at Latitude will measure me to see how tall I am. I will know they are in the crew because they will have a special pink and yellow top on. The crew will tell me if I can play in that area.
If I am playing a game, I will need to follow the rules. I can read the rules on the sign, or I can ask one of the crew for help.
If I want to do the rock climbing wall or obstacle course, I will need to wear a special harness so that I stay safe. One of the crew can help me put the harness on.
If I feel overwhelmed or feel like I need a break, I can go to a quiet space.
While I am playing, I will hear a message over the speaker telling me that I only have 5 minutes left. When my session has finished, I will need to go back the entrance.
