

# Swimming Lessons

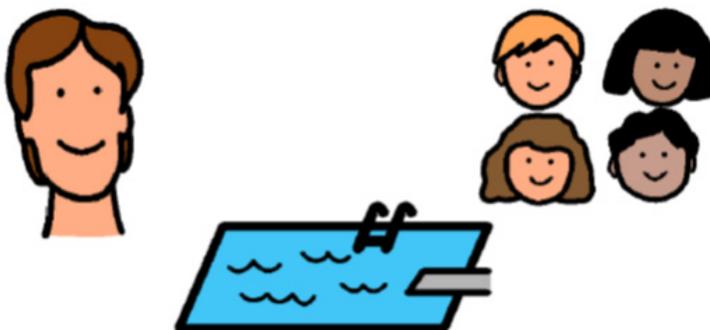

I am going to have swimming lessons. I am going to learn to swim.

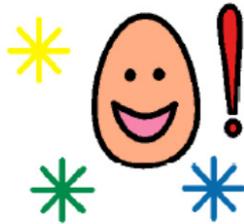

I've got my swimming gear ready. This could be fun!

There will be other boys and girls at the pool. We all want to learn to swim.

It will be great fun!

I will try to listen carefully to the swimming teacher.

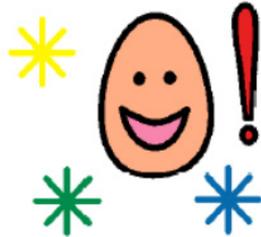

If I need help I can ask the swimming teacher.

It's important to learn to swim so we can be safe in the water.

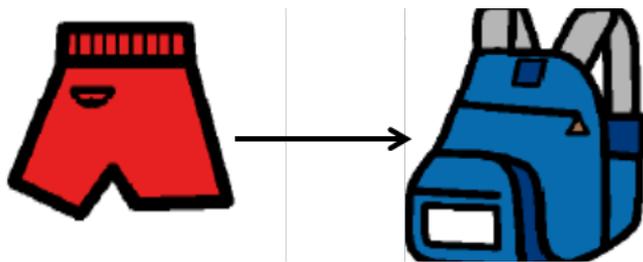

When we have learned to swim it will be safer, while we have lots more fun in the water!

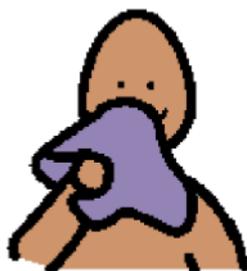

When we have finished swimming, we will get out of the pool and go to the changing rooms.

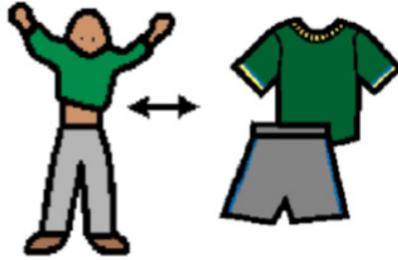

I will take off my wet bathers and put them in my bag.

I will dry myself with a towel.

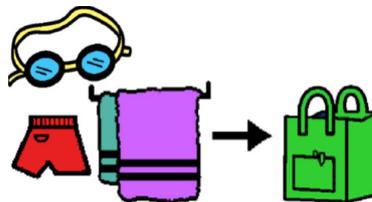

I will put my dry clothes on again.

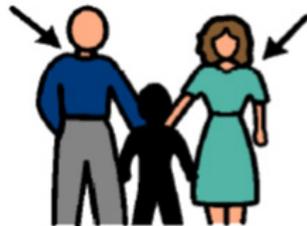

I will try to get changed myself.

I will try to make sure all my swimming gear goes into my bag.

My family will be very proud of me when I do well at swimming lessons.

Swimming lessons are great fun!
