QUICK RESPONSE GRANT

Quick Response Grants are intended to assist regional artists, arts organisations and communities to take up professional or skills development or small project opportunities that would otherwise be limited by the constraints of other funding programs.

This fund is only open to applicants from regional and remote Western Australia.

CATEGORIES

Applicants can choose from two categories. The same eligibility will apply across both categories.

Individual – up to \$2,000

This program provides support for professional development opportunities for individual artists and arts workers in regional Western Australia. The program enables creative people to take advantage of an extraordinary professional arts opportunity that has presented itself at the last minute and needs to be responded to quickly.

Applicants can apply for a maximum of \$2,000 (per application) with a maximum of \$4,000 per applicant over the four-year funding period 2016-2020.

Community – up to \$4,000

This program provides support for small-scale arts development initiatives for organisations in regional Western Australia. The program enables organisations to take advantage of an extraordinary arts opportunity in their local community that has presented itself at the last minute and needs to be responded to quickly.

Applicants can apply for a maximum of \$4,000 (per application) with a maximum of \$8,000 per applicant over the four-year funding period 2016-2020.

From time to time, Country Arts WA may allocate Quick Response Funds for special funding rounds like travel assistance to regional conferences or significant regional events.

QUICK RESPONSE GRANT CRITERIA

Funding will be provided for arts opportunities that:

- present themselves at the last minute and demonstrate an immediate need;
- are incapable of waiting to enter normal funding cycles; and
- demonstrate strong project planning and effective use of resources.

They must also meet the following Regional Arts Fund objectives:

Community

- encourage and support sustainable economic, social and cultural development in regional communities;
- develop partnerships and networks which leverage financial and/or in-kind support for specific projects and encourage ongoing collaboration;
- develop audiences and/or broaden community engagement with the arts; and
- increase employment and professional development opportunities for regional and remote artists and communities, and/or raise the profile of regional and remote artists and communities.

Individual

- encourage and support sustainable economic, social and cultural development;
- develop partnerships and networks which leverage financial and/or in-kind support for specific projects and encourage ongoing collaboration; and
- increase employment and professional development opportunities for regional and remote artists, and/or raise the profile of regional and remote artists.

BUDGET CRITERIA

- Applications should provide an appropriately detailed and realistic budget to demonstrate how the project will effectively use resources.
- Project expenses should be clearly explained. It is important that applicants reflect eligible costs, provide notes on where efficiencies have been gained and a justification if costs are high.
- The project should be done in a cost effective way and show value for money.
- Artists and arts workers must be paid appropriately for their industry. You can find details on the RAA Recommended Rates [here](#).
- Projects may include an administration fee of up to 15% of the grant request.
- This funding will not replace project funding that is historically or commonly supported by Local Governments, rather it is designed to add to Local Government support for a greater investment in the community.
- It is acknowledged that applications from very remote communities will often incur higher expenses. Applicants in communities above the 26th parallel or categorised as MMM7 may be eligible to apply for a higher amount. The Investment Officer must be contacted to discuss this prior to application submission.

Recording GST: Applicants who are registered for GST must exclude GST from their budgets. Applicants who are not registered for GST must include GST in their budgets.

REGIONAL ARTS FUND

The Australian Government's Regional Arts Fund supports sustainable cultural development in regional and remote Australia and meets the strategic priorities of supporting participation in, and access to, the arts and encouraging greater private sector support for the arts.

The program provides funding for grants, including quick response and community grants for arts projects, professional development for artists and arts workers, and community capacity building projects. The program also provides funding for high priority strategic projects that address a need facing the arts in regional areas.

Funding is provided to Regional Arts Australia, who provide funding to peak regional arts organisations in each state, and arts ministries in the territories (Regional Program Administrators) to award grants to projects in regional and remote areas. Individual projects are funded by Regional Program Administrators in accordance with Guidance Material approved by Regional Arts Australia following consultation with the Australian Government. Regional Arts Australia also delivers strategic projects in conjunction with Regional Program Administrators.
