### 1. Scope

Open Colleges is committed to ensuring a positive learning experience for its learners. It aims to provide a learning environment that fosters the qualities of independent learning and academic integrity.

This policy and supporting documentation adheres to compliance with the Standards for RTOs 2015.

The scope of this policy outlines Open Colleges' expectations of learners enrolled in any course in respect to academic integrity of their assessments and encourages ethical academic conduct. - Investigation

### 2. Encouragement of ethical academic conduct

- Open Colleges encourages learners to develop the ability to apply critical reasoning to assessment activities through independent thought and to make decisions that reflect their individual considerations of the given task or workplace requirement.
- Open Colleges acknowledges that to develop critical reasoning, learners will study the work of others through issued textbooks, learning material or through their own research.
- It is important that learners in their learning acknowledge, through appropriate referencing, of work from which they draw information.

#### *Standards of Academic Conduct*

Open Colleges informs staff and learners about its standards of academic conduct through the PR5.4 Student Code of Conduct and the Academic Referencing Guide provided in the DC1.1 Student Handbook.

##### Plagiarism

- Learners have a responsibility to appropriately cite all reference sources and not plagiarise or copy other learner's assessments (plagiarism or cheating/colluding).
- Open Colleges will not condone plagiarism by any learners for personal advantage.
- Where a Trainer and/or Assessor believe that plagiarism has occurred, such a belief may be acted upon based on tangible evidence of plagiarism. This may be readily evident or may require further investigation. No assumption of plagiarism or cheating may be acted upon without clear and documented evidence of the intellectual property plagiarized and how it is manifested in a learner's work.

### *Cheating/colluding*

This may be readily evident or may require further investigation.
