Att: Katie Parsons

Hi Katie,

Happy New Year. I understand that you have taken over this application from Scott Robertson.

Our Information Request response period for this application ends on 13 January 2026. We respectfully request a three-month extension, until Monday, 13 April 2026, to provide our response.

Having worked through the servicing and flooding constraints, we have recently amended the layout and are now waiting on the completion of the required technical reporting to support these changes. While we are hopeful these reports will be finalised sooner, consultant availability following the Christmas/New Year period as well as existing workloads have impacted timeframes.

Accordingly, we seek the requested extension to ensure a complete response can be provided.

Please let us know if you require any further information.

Kind Regards,

Nikki Christmas
