Hey Scott

Sorry I meant to get back to you yesterday. No issues with extending the IR Period until Thursday 22 January 2025, although if you could send through the IR items that you have already prepared (excluding flooding) informally via email, that would be appreciated so that we can start working on resolving these items now.

Regards

Good morning Liam,

I am finalising the Information Request items for the abovementioned application and we are still pending comments regarding the mapped Flood Investigation Area.

Can we please request to extend the decision period until Thursday 22 January 2025?

If the above requested extension is suitable, in the interim I will continue to wrap these items up and shoot some through informally to avoid delay in action.

Please do not hesitate to contact the undersigned should you have any further queries.

Kind regards,

Scott Robertson
