Scott,

The Applicant respectfully requests a further 3 month extension to the Information Request Period, so as to enable the Applicant the opportunity to explore the provisions of the Draft Planning Scheme (which we are led to believe will be on Public Notification).

The new date for the submission of the Information Request Response would be the **13<sup>th</sup> November 2025**.

Currently, the Applicant hasn't been able to establish the Draft Planning Scheme provisions as they pertain directly to the subject lands.

Having explored the options afforded by the Draft Planning Scheme verses the current Planning Scheme the Applicant will in-turn either proceed with the current application or alternatively amend the application to merely afford for two Heavy Vehicles upon the subject lands.

This said, the Applicant is mindful of the existing land uses being afforded for upon the surrounding properties.
