

The graphic consists of a large, light gray shape on the left side of the page, resembling a stylized letter 'L' or a bracket. The top-right corner of this shape is rounded. A smaller, dark maroon shape is positioned to the right of the main gray shape, overlapping its right edge. This maroon shape is also rounded and has a diagonal cutout on its left side, creating a notch that fits into the main gray shape.

This written consent (relevant for making of a development application):

1. is only consent for the making of an application under the *Planning Act 2016* in respect of the Council Property. It does not infer Council's support for the development and does not fetter the assessment and decision-making process under the *Planning Act 2016*;
2. does not confer any interest or rights over the Council Property or infer support for the granting of any interest or rights over the Council Property. Any development approval also does not confer any interest or rights over the Council Property;

the granting of any interest or rights is a separate process to the development application process and is subject to requirements including tender/auction or Council resolution under the *Local Government Regulation 2012* for the disposal of an interest in land;

the applicant must separately seek appropriate tenure through Council's Corporate Property Team before implementing any development approval over the Council Property. If tenure is not granted, the development will need to be changed so as not to rely on the Council Property; and
3. is valid only if the development application is made within one year of the date of this written consent. A new owner's consent must be requested from Council's Corporate Property Team to accompany a development application made after that date.
