NOTES

- 1. Programme Alteration**– the organisers reserve the right to alter the program once the event is underway. Race Schedule attached.
- 2. NZSCA General Meeting** – may be held on Friday evening from 6.00pm.
- 3. Rules** – the event will be run in accordance with the **NZSCA Rulebook 2020** with the following modifications and clarifications for **Class 3 only**:
B3 Qualifying – applies for Race 1 with each driver getting a single 1-minute run. Race 2 qualifying order will be the placing order from Race 1 i.e. 1st place in Race 1 qualifies first in Race 2 and gets lane choice etc.

B4 Format of Races – heat duration is 3 minutes based on 2 finals i.e. maximum of 16 entries. Heat duration will be reduced to 2 minutes if there are more than 16 entries.

E2.1 – Championship points applies but as each Class 3 'race' comprises Race 1 and Race 2, half the championship points will be available for each i.e. 25, 23.5, 22.5, 22, 21.5, 21.....1.5, 1, 0.5. Points from Race 1 and 2 will be added together for final race placings.

F5A.4 – Specified components – Handout wheels & tires – Pending confirmation there will be two pairs of marked handout JK T203N (JK 8733P) tires per entrant. Rule **F1.2 – Clearance** applies – Minimum clearance is 0.5mm under the rear axle and gear at the beginning of each race.

NZSCA will test each body on the new WSCC track to measure tire wear and confirm the number of handout wheels & tires. The results of the testing will be published prior to the event.

F5A.11 – Bodies applies – no part of the motor, chassis, gears, or tires shall be visible when viewed from above or through the windscreen or windows. This takes precedence over part Rule **F4.3** which requires only a head, shoulders, arms, and steering wheel.

Note that the other part of Rule **F4.3** requiring a non-transparent 3D driver figure and painted with at least two colours still applies.
