

## Ultimate Vision (V)

List... your ultimate vision of your life, your biggest goals & dreams realized, your material wants and anything else that inspires you. List... **your reasons why you want these.**

## Major Outcomes (O)

List... the largest goals that you want to achieve in order to fulfill your vision. These are typically outcomes that will require years of effort (an accumulation of successes).

## Deadlines (D)

Think of these as short term, more measurable goals. Each "deadline" will take you another step closer to achieving 1 or more of your outcomes. Most deadlines will be a due date in a sequence of events that must take place to fulfill a longer term outcome (see examples).
