¹ Fuel consumption, CO₂ emissions data, electrical consumption and range is based upon Combined Driving Test Cycle in accordance with ADR 81/02 on purpose built test vehicles. Actual figures will depend on many factors including traffic conditions, driving habits, prevailing conditions and your vehicle's equipment, condition and use. These figures should not be expected to be achieved in real world driving conditions and should only be used for comparing one vehicle with another.

Please contact your preferred authorised BMW dealer or BMW Group Australia for information on vehicles that are available for sale, and the various specifications and options of vehicles that are available. BMW recommends the use of minimum RON 95 super unleaded petrol. Unleaded 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON98 fuel. All engines meet the EU6 emissions standard.

MINI HATCH – STANDARD EQUIPMENT – WHAT COMES WITH YOUR MINI?
