SYNDICATION REPORT FOR 'SEBRING (AUS) / LAVENHAM (AUS) '17'

SIRE: Sebring (AUS)

DAM: Lavenham (AUS)

DESCRIPTION: 1-Year-Old Chestnut Thoroughbred Colt

**BRANDS NSS: G ON F
OSS: 25 OVER 7**

MICROCHIP: 985100012129346

DATE: 29th March 2019

On the 28th March 2019, the above-described horse was examined at Jazcom Thoroughbreds, The Oaks, NSW.

A clinical examination revealed a colt:

- With a normal temperature.
- With adequate sight.
- Not lame at the walk or trot.
- Without any detectable abnormality on auscultation of the cardiothoracic region.
- With the left testicle within the scrotum. The right testicle was undescended.

Based on this examination, I consider 'Lavenham '17' a suitable subject for syndication for racing purposes.

This certificate has been prepared for inclusion in the PDS issued by **Proven Thoroughbreds** and may be relied upon by prospective buyers who may invest in the thoroughbred. Apart from issuing this certificate I do not have, have not had, nor do I intend in future to have any financial interest in this horse.

Kind Regards,

.....N9264
