Dear Murray,

I would like to thank you and your team at Murray's Brewery Co for providing exceptional service to Encore Journeys for the purpose of delivering a very successful event.

Murray's Brewery became a trusted resource from the moment we began communications with Katrina Haecker in March in the planning of the event and it only continued with having you all present onsite to execute a successful welcome event for BRG On Tour 2019.

The key factors for choosing Murray's Brewery was not only the fact that it is one of Australia's leading craft beer brewers but also that your staff especially Katrina were able to continually deliver to the highest standards all the required needs of this event.

Encore Journeys are passionate in creating experiences and memories that will last a lifetime and Murray's Brewery Co greatly assisted in achieving this outcome.

We look forward to the opportunity of potentially working with you all again in the near future.

Kind Regards

—

Sandra Giannone
