- 18.7 The parties must do everything reasonably necessary to effect settlement:
- (a) electronically on the next business day, or
 - (b) at the option of either party, otherwise than electronically as soon as possible –

 - (b) the amount described in a written notice given by the vendor to the purchaser under section 14-255 of Schedule 1 to the *Taxation Administration Act 1953 (Cth)* is the correct amount required to be paid under section 14-250 of the legislation.
- 25.12 The purchaser is responsible for any penalties or interest payable to the Commissioner on account of non-payment or late payment of the amount, except to the extent that:

28.3 The purchaser may enter the property to comply with that responsibility where action is required before settlement.

29. INSPECTION

The purchaser and/or another person authorised by the purchaser may inspect the property at any reasonable time during the 7 days preceding and including the settlement day.

30. TERMS CONTRACT

30.1 If this is a 'terms contract' as defined in the *Sale of Land Act 1962*:

- (a) any mortgage affecting the land sold must be discharged as to that land before the purchaser becomes entitled to possession or to the receipt of rents and profits unless the vendor satisfies section 29M of the *Sale of Land Act 1962*; and
- (b) the deposit and all other money payable under the contract (other than any money payable in excess of the amount required to so discharge the mortgage) must be paid to a legal practitioner or conveyancer or a licensed estate agent to be applied in or towards discharging the mortgage.

30.2 While any money remains owing each of the following applies:

- (a) the purchaser must maintain full damage and destruction insurance of the property and public risk insurance noting all parties having an insurable interest with an insurer approved in writing by the vendor;
- (b) the purchaser must deliver copies of the signed insurance application forms, the policies and the insurance receipts to the vendor not less than 10 days before taking possession of the property or becoming entitled to receipt of the rents and profits;
- (c) the purchaser must deliver copies of any amendments to the policies and the insurance receipts on each amendment or renewal as evidence of the status of the policies from time to time;
- (d) the vendor may pay any renewal premiums or take out the insurance if the purchaser fails to meet these obligations;
- (e) insurance costs paid by the vendor under paragraph (d) must be refunded by the purchaser on demand without affecting the vendor's other rights under this contract;
- (f) the purchaser must maintain and operate the property in good repair (fair wear and tear excepted) and keep the property safe, lawful, structurally sound, weatherproof and free from contaminations and dangerous substances;
- (g) the property must not be altered in any way without the written consent of the vendor which must not be unreasonably refused or delayed;
- (h) the purchaser must observe all obligations that affect owners or occupiers of land;

- (i) the vendor and/or other person authorised by the vendor may enter the property at any reasonable time to inspect it on giving 7 days written notice, but not more than twice in a year.

31. LOSS OR DAMAGE BEFORE SETTLEMENT

- 31.1 The vendor carries the risk of loss or damage to the property until settlement.
- 31.2 The vendor must deliver the property to the purchaser at settlement in the same condition it was in on the day of sale, except for fair wear and tear.
- 31.3 The purchaser must not delay settlement because one or more of the goods is not in the condition required by general condition 31.2, but may claim compensation from the vendor after settlement.
- 31.4 The purchaser may nominate an amount not exceeding \$5,000 to be held by a stakeholder to be appointed by the parties if the property is not in the condition required by general condition 31.2 at settlement.
- 31.5 The nominated amount may be deducted from the amount due to the vendor at settlement and paid to the stakeholder, but only if the purchaser also pays an amount equal to the nominated amount to the stakeholder.
- 31.6 The stakeholder must pay the amounts referred to in general condition 31.5 in accordance with the determination of the dispute, including any order for payment of the costs of the resolution of the dispute.

32. BREACH

A party who breaches this contract must pay to the other party on demand:

- (a) compensation for any reasonably foreseeable loss to the other party resulting from the breach; and
- (b) any interest due under this contract as a result of the breach.

Default

33. INTEREST

Interest at a rate of 2% per annum plus the rate for the time being fixed by section 2 of the *Penalty Interest Rates Act 1983* is payable at settlement on any money owing under the contract during the period of default, without affecting any other rights of the offended party.

34. DEFAULT NOTICE

- 34.1 A party is not entitled to exercise any rights arising from the other party's default, other than the right to receive interest and the right to sue for money owing, until the other party is given and fails to comply with a written default notice.
- 34.2 The default notice must:
 - (a) specify the particulars of the default; and
 - (b) state that it is the offended party's intention to exercise the rights arising from the default unless, within 14 days of the notice being given -
 - (i) the default is remedied; and
 - (ii) the reasonable costs incurred as a result of the default and any interest payable are paid.

35. DEFAULT NOT REMEDIED

- 35.1 All unpaid money under the contract becomes immediately payable to the vendor if the default has been made by the purchaser and is not remedied and the costs and interest are not paid.
- 35.2 The contract immediately ends if:
 - (a) the default notice also states that unless the default is remedied and the reasonable costs and interest are paid, the contract will be ended in accordance with this general condition; and
 - (b) the default is not remedied and the reasonable costs and interest are not paid by the end of the period of the default notice.
- 35.3 If the contract ends by a default notice given by the purchaser:
 - (a) the purchaser must be repaid any money paid under the contract and be paid any interest and reasonable costs payable under the contract; and
 - (b) all those amounts are a charge on the land until payment; and
 - (c) the purchaser may also recover any loss otherwise recoverable.
- 35.4 If the contract ends by a default notice given by the vendor:
 - (a) the deposit up to 10% of the price is forfeited to the vendor as the vendor's absolute property, whether the deposit has been paid or not; and
 - (b) the vendor is entitled to possession of the property; and

- (c) in addition to any other remedy, the vendor may within one year of the contract ending either:
 - (i) retain the property and sue for damages for breach of contract; or
 - (ii) resell the property in any manner and recover any deficiency in the price on the resale and any resulting expenses by way of liquidated damages; and
 - (d) the vendor may retain any part of the price paid until the vendor's damages have been determined and may apply that money towards those damages; and
 - (e) any determination of the vendor's damages must take into account the amount forfeited to the vendor.
- 35.5 The ending of the contract does not affect the rights of the offended party as a consequence of the default.

Due diligence checklist

What you need to know before buying a residential property

Before you buy a home, you should be aware of a range of issues that may affect that property and impose restrictions or obligations on you, if you buy it. This checklist aims to help you identify whether any of these issues will affect you. The questions are a starting point only and you may need to seek professional advice to answer some of them. You can find links to organisations and web pages that can help you learn more, by visiting the [Due diligence checklist page on the Consumer Affairs Victoria website](https://consumer.vic.gov.au/duediligencechecklist) (consumer.vic.gov.au/duediligencechecklist).

Urban living

Moving to the inner city?

High density areas are attractive for their entertainment and service areas, but these activities create increased traffic as well as noise and odours from businesses and people. Familiarising yourself with the character of the area will give you a balanced understanding of what to expect.

Is the property subject to an owners corporation?

If the property is part of a subdivision with common property such as driveways or grounds, it may be subject to an owners corporation. You may be required to pay fees and follow rules that restrict what you can do on your property, such as a ban on pet ownership.

Growth areas

Are you moving to a growth area?

You should investigate whether you will be required to pay a growth areas infrastructure contribution.

Flood and fire risk

Does this property experience flooding or bushfire?

Properties are sometimes subject to the risk of fire and flooding due to their location. You should properly investigate these risks and consider their implications for land management, buildings and insurance premiums.

Rural properties

Moving to the country?

If you are looking at property in a rural zone, consider:

Is the surrounding land use compatible with your lifestyle expectations? Farming can create noise or odour that may be at odds with your expectations of a rural lifestyle.

Are you considering removing native vegetation? There are regulations which affect your ability to remove native vegetation on private property.

Do you understand your obligations to manage weeds and pest animals?

Can you build new dwellings?

Does the property adjoin crown land, have a water frontage, contain a disused government road, or are there any crown licences associated with the land?

Is there any earth resource activity such as mining in the area?

You may wish to find out more about exploration, mining and quarrying activity on or near the property and consider the issue of petroleum, geothermal and greenhouse gas sequestration permits, leases and licences, extractive industry authorisations and mineral licences.

Soil and groundwater contamination

Has previous land use affected the soil or groundwater?

You should consider whether past activities, including the use of adjacent land, may have caused contamination at the site and whether this may prevent you from doing certain things to or on the land in the future.

Land boundaries

Do you know the exact boundary of the property?

You should compare the measurements shown on the title document with actual fences and buildings on the property, to make sure the boundaries match. If you have concerns about this, you can speak to your lawyer or conveyancer, or commission a site survey to establish property boundaries.

Planning controls

Can you change how the property is used, or the buildings on it?

All land is subject to a planning scheme, run by the local council. How the property is zoned and any overlays that may apply, will determine how the land can be used. This may restrict such things as whether you can build on vacant land or how you can alter or develop the land and its buildings over time.

The local council can give you advice about the planning scheme, as well as details of any other restrictions that may apply, such as design guidelines or bushfire safety design. There may also be restrictions – known as encumbrances – on the property's title, which prevent you from developing the property. You can find out about encumbrances by looking at the section 32 statement.

Are there any proposed or granted planning permits?

The local council can advise you if there are any proposed or issued planning permits for any properties close by. Significant developments in your area may change the local 'character' (predominant style of the area) and may increase noise or traffic near the property.

Safety

Is the building safe to live in?

Building laws are in place to ensure building safety. Professional building inspections can help you assess the property for electrical safety, possible illegal building work, adequate pool or spa fencing and the presence of asbestos, termites, or other potential hazards.

Building permits

Have any buildings or retaining walls on the property been altered, or do you plan to alter them?

There are laws and regulations about how buildings and retaining walls are constructed, which you may wish to investigate to ensure any completed or proposed building work is approved. The local council may be able to give you information about any building permits issued for recent building works done to the property, and what you must do to plan new work. You can also commission a private building surveyor's assessment.

Are any recent building or renovation works covered by insurance?

Ask the vendor if there is any owner-builder insurance or builder's warranty to cover defects in the work done to the property.

Utilities and essential services

Does the property have working connections for water, sewerage, electricity, gas, telephone and internet?

Unconnected services may not be available, or may incur a fee to connect. You may also need to choose from a range of suppliers for these services. This may be particularly important in rural areas where some services are not available.

Buyers' rights

Do you know your rights when buying a property?

The contract of sale and section 32 statement contain important information about the property, so you should request to see these and read them thoroughly. Many people engage a lawyer or conveyancer to help them understand the contracts and ensure the sale goes through correctly. If you intend to hire a professional, you should consider speaking to them before you commit to the sale. There are also important rules about the way private sales and auctions are conducted. These may include a cooling-off period and specific rights associated with 'off the plan' sales. The important thing to remember is that, as the buyer, you have rights.

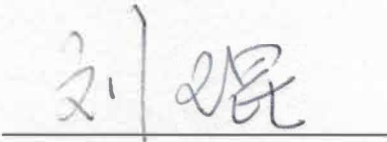

Vendor Statement

The vendor makes this statement in respect of the land in accordance with section 32 of the *Sale of Land Act 1962*.

This statement must be signed by the vendor and given to the purchaser before the purchaser signs the contract.
The vendor may sign by electronic signature.

The purchaser acknowledges being given this statement signed by the vendor with the attached documents before the purchaser signed any contract.

- (a) to make contributions towards the provision of infrastructure as set out in Schedule A to this Agreement;
 - (b) to set aside the land required for the road reservation to be transferred to the Responsible Authority for the construction of the new sub-arterial road in the location as shown in Appendix A;
 - (c) that the area referred to in 8(b) has a width of 33 metres, runs east-west for approximately 260.5 metres, extending across the entire width of the Subject Land and located no further than 429 metres south of the northern boundary of the Subject Land;
 - (d) that the area required by 8(c) is to be created as a carriageway and service easement, in the favour of the Responsible Authority, within six months after the approval of Planning Scheme Amendment C81 to the Wyndham Planning Scheme by the Minister for Planning;
 - (e) that the area required by 8(c), once created as a carriageway and service easement can be used to provide physical infrastructure services required

AF293486Q

for the residential development after the design of the road has been agreed and approved by the Responsible Authority;

- (f) that the area required by 8(c) to be created as a road reservation and transferred to the Responsible Authority within six months of being served a written notice from the Responsible Authority or delegate to the landowner of the subject land;
- (g) that the area required by 8(c) will be kept free of any new buildings or major works, except for in 8(e) and any existing infrastructure located in the area required by 8(c) will be relocated onto the Owner's land or demolished, at the Owner's expense, prior to the land being transferred to the Responsible Authority;
- (h) to bear all costs associated with the creation of a carriageway easement and the transfer of the land described in 8(c) to the Responsible Authority;
- (i) that the new sub-arterial road must be constructed from Point Cook Road to and across the frontage of the Village Precinct, to the satisfaction of the Responsible Authority, prior to the issue of a Statement of Compliance for the 501st lot in the Development Area;
- (j) that with the exception of any existing dwelling on the Subject Land and two new local road access intersections on Point Cook Homestead Road, temporary access will only be permitted to facilitate residential subdivision of the Subject Land from Point Cook Homestead Road until such time as the new sub-arterial road is constructed;
- (k) that no direct access to new residential lots will be permitted from Point Cook Homestead Road;
- (l) that the Point Cook Homestead Road must be upgraded to a two lane urban standard from Point Cook Road to the eastern boundary of the Subject Land, to the satisfaction of the Responsible Authority, prior to a Statement of Compliance being issued for the first residential subdivision of the Subject Land;
- (m) that the Subject Land shall be developed to a density of at least 15 dwellings per net developable hectare as defined in this agreement;
- (n) that prior to a Statement of Compliance being released for the 501st lot in the Development Area or upon development within 200 metres of the Village Precinct, the Village Precinct must be sufficiently defined to confirm the size and general configuration of the land holdings to be created; and design concepts have been defined for the main internal sub-arterial road and Point Cook Homestead Road;
- (o) that part of the 7.5% public open space requirement will be a 0.75 ha land contribution, in the form of a single neighbourhood park on the subject land. Based on a gross developable area of 14.32 ha, a 0.75 ha land contribution represents 6% of the public open space requirement;

AF293486Q

23/08/2007 173 173

- (p) that an area of land equivalent to 1.1ha is to be transferred to the Responsible Authority for the provision of sporting open space in the location shown in Appendix A of this agreement. Part of this land, 0.32 ha will satisfy the remaining 1.5% of the 7.5% public open space required in this agreement. The balance of the land, 0.78 hectares will be acquired by the Responsible Authority in accordance with Section 9(b) and 9(c) of this agreement.
- (q) that 7.5% public open space has been calculated on a gross developable area of 14.32 ha. However, if the gross developable area changes during the course of the project, the contribution shown in 8 (p) may be adjusted in settling on the final payment of public open space as provided in Schedule A of this agreement.

9. The parties agree that:

- (a) The land required by 8(c) and the road construction required by 8(i) and 8(l) can be off-set against the development contribution obligations required by this agreement for the Subject Land if the works are undertaken by the Owner,
- (b) In the event that any part of the Land is to be acquired from the Owner by the Responsible Authority for the purpose of providing either:
 - (i) an upgrade to the arterial road network servicing the Land, or
 - (ii) 'other development infrastructure' or 'community infrastructure' facilities of the types being funded by the 'other development' and 'community infrastructure' levies payable by the Owner pursuant to this Agreement,

the value of such part or parts of the Land (as determined pursuant to clause 9(c)) can be allocated as a credit towards the same class of contributions payable by the Owner pursuant to this Agreement (for example, land for road widening can be credited towards contributions required for roads).

- (c) The Owner agrees that for the purpose of clause 9(a) the value of any part of the Land to be acquired by the Responsible Authority shall be fixed at \$500,000 per hectare (\$50 per square metre) adjusted by the increase in the Consumer Price Index (All Groups Melbourne) between the September 2006 Quarter and the most recently issued Quarterly Index prior to the date on which the land acquisition is to take place. The Owner acknowledges that it has accepted the basis for establishing the value at which land is to be acquired as set out in this clause because it represents the same basis as that used by the Responsible Authority to assess the level of the various contributions payable by the Owner pursuant to this Agreement.
- (d) in the event that the Responsible Authority accepts that the Owner may undertake works in lieu of some of the monies that are to be contributed under this Agreement, the Owner undertakes:

- (i) to prepare plans for the proposed works in lieu at its own cost, addressing any agreed items of infrastructure identified in or under Schedule "A" to this Agreement;
 - (ii) to submit the Works Plans for approval by the Responsible Authority;
 - (iii) to complete the various works shown on the approved Works Plans in so far as the works relate to the land in respect of which the Owner is registered as proprietor to the satisfaction of the Responsible Authority or make a cash contribution in accordance with the provisions of Schedule "A"; and
 - (iv) to arrange for approved Works Plans to be carried out under the direct supervision of the Responsible Authority's Chief Executive Officer ("**the C.E.O.**") or the C.E.O'S delegate or nominee to the satisfaction of the Responsible Authority or pay the sum identified in Schedule "A" attached to this Agreement to be applied by the Responsible Authority to the works identified in the Works Plans
- (e) If the Owner fails to comply with any of the provisions of this Agreement, the C.E.O. or his or her delegate may cause to be served on the Owner a notice ("**the Notice**") in writing specifying those works to which the Owner is in default ("**the Remedial Works**"). The Notice may set out the costs as estimated by the C.E.O. or his or her delegate of carrying out the Remedial Works ("**the Estimated Costs**"). The Notice to the Owner shall only relate to the land of which the Owner is registered as proprietor.
- (f) If the Owner fails to complete the Remedial Works in respect to the land of which the Owner is registered as proprietor within 30 days after service of the Notice,
 - (i) the Responsible Authority may by its staff, agents and contractors, enter onto the Land and cause the Remedial Works to be carried out.
 - (ii) the C.E.O. or his or her delegate may cause to be served on the Owner a demand in writing ("**the Demand**") for the Estimated Costs.
- (g) if the Owner is served with the Demand, it agrees to immediately pay the amount of costs specified in the Demand in respect of the land of which it is the registered proprietor.
- (h) If the Responsible Authority completes the Remedial Works, the C.E.O. must certify the actual costs of the Remedial Works.
- (i) If the actual costs of the Remedial Works are less than the Estimated Costs paid by the Owner to the Responsible Authority, the Responsible Authority must pay the difference between the actual costs and Estimated Costs.

- (j) Where the Owner has complied with its obligations under this agreement in respect of a stage of a subdivision of part of the land, the Responsible Authority shall specify in the statement of compliance that this Agreement no longer applies to the part of the land in that stage of subdivision.
- (k) Where the Owner has complied with its obligations under this agreement in respect of a stage of a development of part of the land, the Responsible Authority shall advise the Titles Office that this Agreement no longer applies to the part of the land in that stage of development.
- (l) The development contributions payable under this Agreement satisfy the owner's responsibility in regard to development contributions for local infrastructure arising as a result of the development of the land for residential or associated activities. The Responsible Authority will not seek to impose any additional development contributions for local infrastructure beyond this agreement.

- 10. In the event of any dispute between the parties concerning the interpretation or implementation of this Agreement, such a dispute shall be referred to the Victorian Civil and Administrative Tribunal ("the Tribunal") for resolution to the extent permitted by the Act. AF293486Q

Notes:

- *¹ The values in the above Schedule are based on contributions by September 30th, 2006. All contributions are to be indexed quarterly, in accordance with the last published Consumer Price Index [All Groups] for Melbourne, at the date of payment.
- *² The contributions towards roads and major pathways are \$88,663.84 per hectare of net development area and are to be used to upgrade the sub-arterial road network and provide major connecting pathways [other than along roads] in Point Cook. The road widenings required along Point Cook Road and the new sub-arterial road are excluded from the assessable area, as outlined under Note 6, below. At the time when contributions are made, the value of the specified widenings and reservations will be allowed against the required contributions, but only at the rate per hectare that land was included in calculating the level of contributions. See Clause 9 (b) and (c) in this agreement.
- *³ The 'other development infrastructure' items to be partly funded from these contributions are to help provide for maternal and child health, pre-school and associated meeting spaces, as needs are defined, and basic development of open space areas, including playgrounds and the basic playing fields proposed in active open space to serve the Point Cook community.
- *⁴ The contribution towards neighbourhood and sporting open space is in lieu of the 5% required under the Subdivision Act. The current requirement [7.5% of the gross developable area*7] is the minimum needed to achieve sufficient local open space and sporting reserves for the future community. Any cash contributions for open space are to be based on land values at the time of contribution, and are to be used to help fund provision of a major sports park for Point Cook.
- *⁵ The community infrastructure items to be partly funded from these contributions include general meeting and activity areas of Point Cook's community centres; plus enhanced sporting facilities, tennis courts and sports change facilities, as needs are defined. These contributions are currently 'capped' in the Planning and Environment Act, at \$900 per lot.
- *⁶ Net Development Area is the total site area, minus arterial and sub-arterial road widenings and reserves as listed in Note 2, floodways in dedicated reservations, school sites and [except in calculating public open space requirements] the open space required by Council. Estate entry features, plantation and garden reserves and similar features are not omitted. At the date when this Agreement is made, the net development area is defined as 13.57 hectares. If this changes during the course of the project, it may be adjusted in settling on the final payment.
- *⁷ Gross Developable Area is the total site area, minus arterial and sub-arterial road widenings and reserves as listed in Note 2, floodways in dedicated reservations and school sites. Estate entry features, plantation and garden reserves and similar features are not omitted. Gross Developable Area is only used in this Agreement in calculating public open space requirements.
- *⁸ Summary of Contributions in September 2006 terms [to be indexed to the CPI]

Infrastructure Item	Per Hectare	\$ Per Lot/dwelling	Total
Roads and Major Pathways	\$88,663.84	-	\$1,203,168.30
Other Development Infrastructure	-	\$917.91 (based on 204 lots)	\$187,253.64
Neighbourhood and Sporting open space	7.5%	-	Land equivalent 1.07 ha
Community Infrastructure	-	\$766.07 (based on 204 lots)	\$156,278.28
TOTAL			\$1,546,700.22

Total land area is 21.445 ha. Assuming 15 lots per hectare of net developable land equals 204 lots. Net developable area is 13.57 ha. Gross developable area is 16.82ha.

Notes to Certificate - Land Tax

Certificate No: 67448708

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows any land tax (including Vacant Residential Land Tax, interest and penalty tax) that is due and unpaid on the land described in the Certificate at the date of issue. In addition, it may show:
 - Land tax that has been assessed but is not yet due,
 - Land tax for the current tax year that has not yet been assessed, and
 - Any other information that the Commissioner sees fit to include, such as the amount of land tax applicable to the land on a single holding basis and other debts with respect to the property payable to the Commissioner.

Land tax is a first charge on land

3. Unpaid land tax (including Vacant Residential Land Tax, interest and penalty tax) is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any such unpaid land tax.

Information for the purchaser

4. Pursuant to section 96 of the *Land Tax Act 2005*, if a purchaser of the land described in the Certificate has applied for and obtained a certificate, the amount recoverable from the purchaser cannot exceed the amount set out in the certificate, described as the "Current Land Tax Charge" overleaf. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

5. Despite the issue of a Certificate, the Commissioner may recover a land tax liability from a vendor, including any amount identified on this Certificate.

General information

6. A Certificate showing no liability for the land does not mean that the land is exempt from land tax. It means that there is nothing to pay at the date of the Certificate.
7. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.

Notes to Certificate - Windfall Gains Tax

Certificate No: 67448708

Power to issue Certificate

1. Pursuant to section 95AA of the *Taxation Administration Act 1997*, the Commissioner of State Revenue must issue a Property Clearance Certificate (Certificate) to an owner, mortgagee or bona fide purchaser of land who makes an application specifying the land for which the Certificate is sought and pays the application fee.

Amount shown on Certificate

2. The Certificate shows in respect of the land described in the Certificate:
 - Windfall gains tax that is due and unpaid, including any penalty tax and interest
 - Windfall gains tax that is deferred, including any accrued deferral interest
 - Windfall gains tax that has been assessed but is not yet due
 - Windfall gains tax that has not yet been assessed (i.e. a WGT event has occurred that rezones the land but any windfall gains tax on the land is yet to be assessed)
 - Any other information that the Commissioner sees fit to include such as the amount of interest accruing per day in relation to any deferred windfall gains tax.

Windfall gains tax is a first charge on land

3. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, windfall gains tax, including any accrued interest on a deferral, is a first charge on the land to which it relates. This means it has priority over any other encumbrances on the land, such as a mortgage, and will continue as a charge even if ownership of the land is transferred. Therefore, a purchaser may become liable for any unpaid windfall gains tax.

Information for the purchaser

4. Pursuant to section 42 of the *Windfall Gains Tax Act 2021*, if a bona fide purchaser for value of land applies for and obtains a Certificate in respect of the land, the maximum amount recoverable from the purchaser is the amount set out in the certificate, described as the "Current Windfall Gains Tax Charge" overleaf.
5. If the certificate states that a windfall gains tax is yet to be assessed, note 4 does not apply.
6. A purchaser cannot rely on a Certificate obtained by the vendor.

Information for the vendor

7. Despite the issue of a Certificate, the Commissioner may recover a windfall gains tax liability from a vendor, including any amount identified on this Certificate.

General information

8. A Certificate showing no liability for the land does not mean that the land is exempt from windfall gains tax. It means that there is nothing to pay at the date of the Certificate.
9. An updated Certificate may be requested free of charge via our website, if:
 - The request is within 90 days of the original Certificate's issue date, and
 - There is no change to the parties involved in the transaction for which the Certificate was originally requested.
10. Where a windfall gains tax liability has been deferred, interest accrues daily on the deferred liability. The deferred interest shown overleaf is the amount of interest accrued to the date of issue of the certificate.
