## **ANNEXURE TWO (2) – NACT Social Media Policy**

### **1. Purpose**

This policy is intended to protect the interests of Netball ACT; its Districts; their members and associated stakeholders by defining the requirements expected in the use of social media.

Netball ACT embraces the use of online social media and recognises its importance as a corporate communications tool and an opportunity to build an engaged community of netball fans in the ACT, Australia and around the globe.

The appropriate and responsible use of all social media platforms such as Twitter and Facebook offers athletes, teams and netball organisations the opportunity to connect with fans and become more real and accessible than ever before.

Along with those benefits are associated risks to the reputation of the organisation, its members and followers and individuals who might interact with the organisation through social media channels.

### **2. Definition of Social Media**

Social media includes, but is not limited to, the generation or sharing of content by an individual. It can include (but is not limited to) such activities as:

- a. Maintaining a profile page on social or business networking sites (such as LinkedIn, Facebook, Shutterfly, Twitter or MySpace)
- b. Content sharing include Pinterest, Flickr, Instagram, (photo sharing) and YouTube (video sharing)
- c. Commenting on blogs for personal or business reasons
- d. Leaving product or service reviews on retailer sites, or customer review sites;
- e. Taking part in online votes and polls
- f. Taking part in conversations on public and private web forums (message boards);
- g. Editing a Wikipedia or other editable page

Netball ACT and its Districts have long histories and are highly respected organisations. It is important that Netball ACT and the affiliated District's reputation is not tarnished by anyone using social media tools inappropriately, particularly in relation to any content that might reference the organisation.

### **3. Intent of the Policy**

Appropriate use of social media relies on good judgment and common sense. The immediate, public and permanent nature of social networking expose the organisation, competitions, teams and athletes to a degree of risk.

The policy has been developed to provide clarity on how we conduct ourselves in the emerging and ever evolving world of online social media. The guidelines contained in this policy are intended to help empower staff, Districts, players and people in the netball community to participate in this new frontier, but to do it sensibly and in a way that best represents the netball brand.

The policy also outlines our individual and collective responsibilities when using social media. This mostly comes down to personal good judgment about what material appears online, and in what context.

#### **4. Who does the policy apply to?**

This policy applies to Netball ACT and its affiliated District members, staff or any individual representing themselves or passing themselves off as being a member of Netball ACT or an affiliated District.

When someone clearly identifies their association with Netball ACT or an affiliated District, and/or discusses their involvement in the organisation in areas defined as social media, they are expected to behave and express themselves appropriately, and in ways that are consistent with Netball ACT's stated values and policies:

- a. Enjoyment
- b. Access for all
- c. Honesty and integrity
- d. Professionalism
- e. Accountable and transparent
- f. Team work and cooperation

#### **5. Where does it apply?**

This policy covers all forms of social media.

This policy aims to provide some guiding principles to follow when using social media. This policy does not apply to the personal use of social media platforms by Netball ACT and its affiliated Districts members or staff where the member or staff makes no reference to Netball ACT and its affiliated Districts, its programs, competitions or related issues.

#### **6. Guiding Principles**

Due to the unique nature of sporting groups such as Netball ACT, the boundaries between a member's profession, volunteer time and social life can often be blurred. It is therefore essential that members make a clear distinction between what they do in a professional capacity and what they do, think or say in their capacity as a volunteer and member of Netball ACT and its affiliated Districts.

Netball ACT considers all members of Netball ACT and affiliated Districts as its representatives.

Honesty is always the best policy, especially online. It is important that Netball ACT's members think of the web as a permanent record of online actions and opinions.

When using the Internet for professional or personal pursuits, all members must respect Netball ACT and its affiliates Districts brand and fellow members and follow the guidelines in place to ensure Netball ACT and its affiliated Districts intellectual property, its relationships with sponsors and stakeholders and the rights of its members are not compromised, or the organisation is brought into disrepute.

## **7. Usage**
