Pre-Game Tasks

Complete Match Information

- Venue
- Date
- Division
- Round
- Team Names

Identify *Power Play Quarter* for each team by circling the word 'Power Play' in the corresponding quarter. The team who wins the toss will select their Power Play quarter first, with their opponents selecting from the remaining three quarters.

Post-Game Tasks

- Tally the total scores for each team, double checking each quarter's total and progress scores
- Ensure both scorers sign each scorecard confirming the result.

In Game Scoring

- Score each point using the adjacent marking guide
- At the end of each quarter, tally the total points scored in that quarter, and add this to the progress score.

Regular Scoring

Cross off the points as they are scored. For one point, use a diagonal line. For two and three points, join the points with one horizontal line.
