

Smarter Than Smoking Association Championships – 2-4 June 2018

Travel, Parking and Access Information

TRAVEL & PARKING INFORMATION

Netball WA has provided the following information to assist with your transport arrangements to and from the 2018 Smarter than Smoking Association Championships: Wembley Sports Park, June 2-4

Information about the overflow parking arrangements have also been included. We encourage you to disseminate to all participants, parents and spectators prior to the event.

Whether travelling by car or bus, please plan ahead and leave adequate time to accommodate your travel requirements.

VENUE PARKING & OVERFLOW PARKING - WEMBLEY SPORTS PARK COMPLEX

There are a limited number of parking spaces available on site, restricted to **CARS ONLY**. Cars can access the venues on-site parking via Selby St and Salvado Road.

An overflow car parking area has been allocated at Perry Lakes Reserve, **corner of Perry Lakes Drive and Underwood Ave**, opposite Bendat Basketball Centre in Underwood Avenue, Floreat.

All large vehicles, 12 seater buses, 22 seater busses, coasters and coaches need to utilise the overflow car park. Overflow parking will also be available for additional cars.

Please refer to the Overflow Car Park Map at the end of this document for directions from the venue.

SHUTTLE BUS SERVICE

Netball WA has arranged for a complimentary shuttle bus service to operate between the overflow car park and the Wembley Sports Park on all three days of the Championships.

Shuttle buses will depart from the overflow car park/Wembley Sports Park every 15 - 20 minutes. A shuttle bus schedule will be provided to all Associations and will be accessible from the State Netball Centre reception desk and main Competition Office at Perth Netball Association.

The shuttle buses will pick up and drop off from the designated area in Car Park 3, accessible from the footpath.

COACHES & BUSES

Association coach drivers can drop off attendees in the designated drop off zone located on Salvado Road. ***The drop off zone will be clearly sign posted with access from Jersey St only. For safety reasons coaches will not be allowed access to the venue to turn around.***

Buses and coaches will then relocate to the overflow parking facility to wait until pick-up is required back at the complex.

All metropolitan teams are encouraged to "car-pool" where possible to assist with car-parking demand.

CAR DROP OFF ZONE

Cars will use the drop off zone on **Salvado Road** in front of Perth Netball Association for **cars, buses and coaches of all sizes**.

The drop off zone will be clearly sign posted with access from Jersey St onto Salvado Round only.

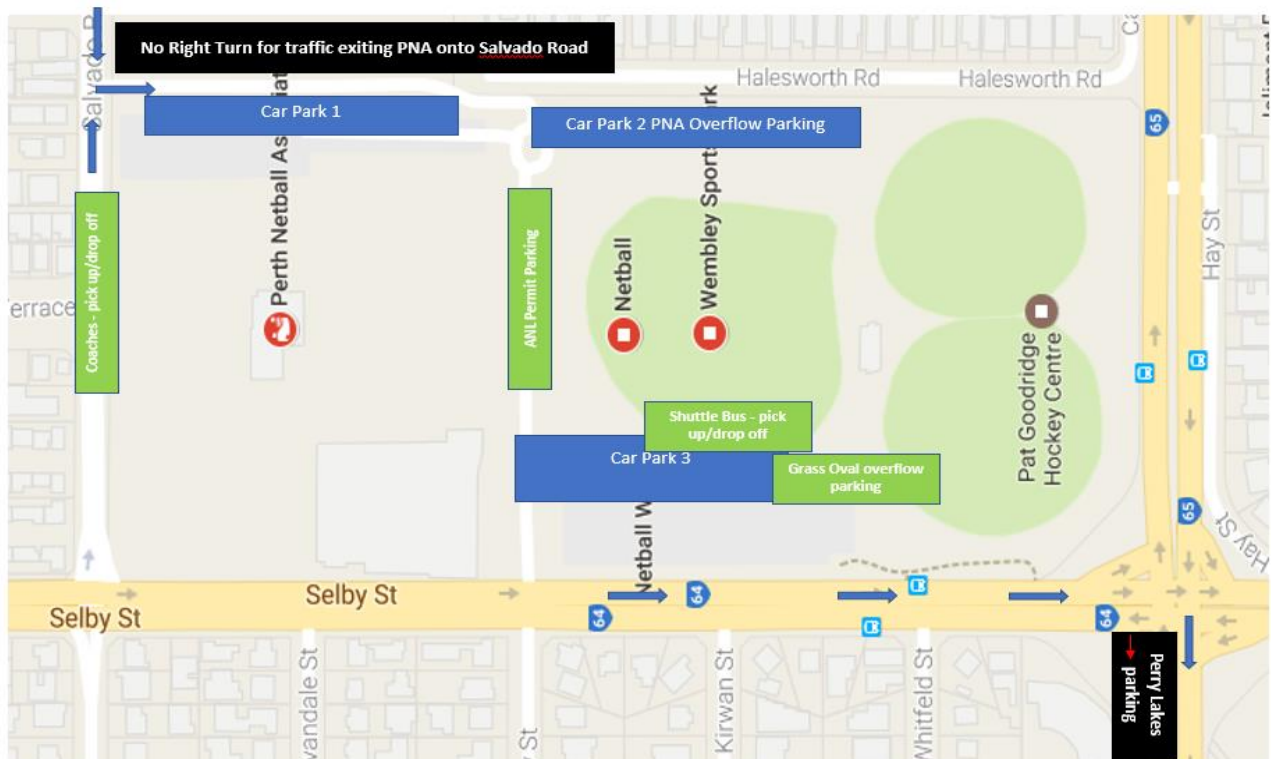

PARKING AROUND THE WEMBLEY SPORTS PARK

Netball WA has advised all residents in the immediate precinct of this event. Parking in the residential streets and commercial areas surrounding the Wembley Sports Park is discouraged.

We encourage all participants and spectators to abide by the various local councils' parking requirements in order to limit the disruption to local residents and avoid potential car parking penalties.

There will be car parking attendants located at entry and exit points of the Wembley Sports and overflow car park. We request your cooperation with these personnel when required.
