

Planning to move for study or work in 2020?

TERTIARY STUDENTS & YOUNG PROFESSIONALS

Equipping young adults to be disciples and disciple-makers of Jesus

WE NEVER DO LIFE ALONE

One of the biggest steps you will ever take is leaving home for the first time to study or work. We want to ensure you have all the support and encouragement you need to make this major transition the best it can possibly be.

We believe that wherever you go, you need a church family that cares and supports you – and we have churches in every major centre who would love to be that for you! They are committed and eager to help young adults grow in Christ, face life changes, develop your gifts and leadership, impact the world, and tackle questions and issues. It's great to know you have churches that will welcome you, involve you, accept you, and care for you and your friends.

7 THINGS A LOCAL ADVENTIST CHURCH CAN PROVIDE

1. A focus on Jesus
2. A faith family that welcomes you, wants you, has something for you, and involves you
3. Practical Biblical teaching that links faith to your everyday lives
4. The chance to have a voice and be a leader
5. Permission to try new ideas in new ways
6. Mentoring, support, and intergenerational connections by caring adults
7. Opportunities to serve in the community

Next Steps

We know most young adults are going through big life changes - moving away from home for the first time, shifting from High School to tertiary study, getting a full time job, getting married and starting a family.

We believe our young adults are the church of today and the disciples and disciple-makers Christ has called to impact the world. We trust the gifting God has placed on this generation and want to find better ways to support them as the voice God has called them to be.

Ephesians 3:20 - Now all glory to God, who is able, through his mighty power at work within us, to accomplish infinitely more than we might ask or think.
