

# POLARIS

BUSINESS AND INNOVATION CENTRE

## Digital Growth Program

### Digital Start

If you are thinking of starting your own business let us guide you through the early steps of getting your business online.

The Polaris Centre's Digital Start Program offers you an opportunity to learn from our digital consultant.

You will receive a free 1.5 hour one on one consultation with our digital consultant to help you with your businesses start up digital needs.

A large range of topics are covered such as domain names, web hosting, social media, cloud software, blogging and much more. We will help to demystify the digital landscape for you so you can work on the other core elements of your business.

You will receive:

- 1.5 hours of one on one mentoring with our digital consultant.
- Customised support to grow your business.

Cost: Free

The Polaris Business & Innovation Centre helps businesses flourish. We offer free or low cost practical advice and programs to support the growth of local businesses.
