

# Going through separation or divorce? **We can help work things out.**

**Family separation or divorce is never easy for anyone, however it can be particularly hard on the children involved.**

At the Family Relationship Centre (FRC), we offer supportive, affordable, Family Dispute Resolution Services that are child-focused. We're here to help couples affected by separation and divorce make decisions about the future of their family and their relationships that are in the best interest of all parties involved, particularly the children. We promote healthy family relationships, help to prevent conflict, encourage agreement rather than litigation, and promote the right for children to have meaningful relationships with both parents.

The Family Relationships Centre is funded by the Australian Government and operated by Centacare North Queensland in **Townsville** and **Mount Isa**. We also provide outreach services to families in surrounding areas.
