# What is School Savvy?

School Savvy NQ is a Centacare North Queensland initiative, which facilitates access to school uniforms and school supplies for children in families struggling financially in the busy back to school period, at the start of the school year.

The concept originated in Cairns, Far North Queensland by Centacare FNQ in 2016. Each year the School Savvy locations have grown across Queensland to include School Savvy CQ and in the 2020/21 Centacare NQ decided to take the calling to help kids back to school with what they need in our region.

Centacare NQ has now completed five successful back-to-school seasons in 2020/21, 2021/22, 2022/23, 2023/24 and 2024/25, with each year getting bigger and better. Last year assisting over 800 children across the region. This year our aim is to hold a pop up in Townsville and Western Queensland.

School Savvy NQ would not be possible without the support of local organisations. Orange Sky Australia volunteer their time to wash and dry donated uniforms and the support of COS Office National to source wholesale stationery supplies has been invaluable.

## How can you be part of this initiative?

...become a School Savvy partner!

School Savvy NQ Pop Up shops are open to all families in need. No one is refused our services and most items are sold for \$1- \$6 an item.  
All funds going back into the shop to purchase more items.

As we rely on uniform donations sometimes our most sought after school uniforms are limited in stock or sizes.  
Our aim is to raise funds to fill the gap in 2026.

## Corporate Social Responsibility (CSR) for large and small:

What's become clear is that CSR is not just something which large multi-national companies and government bodies can indulge in. It goes much further and deeper, meeting a need for both employees and employers to participate in a meaningful way in society.

If in doing so, this improves the organisation's public image, revenues or reputation, these should be welcomed, but be recognised as a bonus rather than the main motivation for why business in the 21st century should include CSR at the heart of wider business objectives.
