

# Landing Craft CAPE GLOUCESTER

44.95m RORO Landing Craft (LCT)

[www.fodico.com.au](http://www.fodico.com.au)

Cape Gloucester's impressive lines and styling give way to a capable work platform boasting 4.5m clearance under the accommodation deck.

The 40-tonne rated stern door allows for drive-on, drive-off capabilities and optimises loading and unloading turnaround times.

Premium quality seating for 70 passengers inside the air-conditioned saloon is complimented by a modern kiosk style galley.

The Cape Gloucester measures 44.95m x 12.95m and boasts an impressive free deck area of 484sqm.

Delivered in 2024 & proudly Australian designed and built.
