

Landing Craft CAPE GLOUCESTER

44.95m RORO Landing Craft (LCT)

www.fodico.com.au

Cape Gloucester's impressive lines and styling give way to a capable work platform boasting 4.5m clearance under the accommodation deck.

The 40-tonne rated stern door allows for drive-on, drive-off capabilities and optimises loading and unloading turnaround times.

Premium quality seating for 70 passengers inside the air-conditioned saloon is complimented by a modern kiosk style galley.

The Cape Gloucester measures 44.95m x 12.95m and boasts an impressive free deck area of 484sqm.

Delivered in 2024, this proudly Australian designed and built vessel earned the 2025 Baird Maritime/Work Boat World - Best Large Landing Craft Award.
