

GOULD INSTRUMENTS

Next Generation High Accuracy Digital **Fire Hydrant Flowmeters** GI-DHFM1LW & DHFM1

We are proud to introduce our NEW next generation high accuracy ultrasonic digital fire hydrant flowmeters.

Our model GI-DHFM1LW & GI-DHFM1 flowmeters feature fully electronic state-of-the-art components with no moving parts, ultrasonic 'transit time' technology and detachable electronic pressure indication.

SPECIFICATIONS	Model	GI-DHFM1LW & DHFM1
	Range	0/3330 litres per minute
	Resolution	0.1 litre per minute
	Flow Totaliser	Litres
	Accuracy	+/- 1 - 2%
	Temperature Range	0/50°C
	Pressure Range	0/2500 kPa
	Construction: Main Flow Body	304 S/S
	Power Supply	Long Life Lithium Battery
	Pressure Resolution	1 kPa

These Gould products have worldwide patents in place for all PCT countries
