The blocks coloured in blue are currently in the water area and are able to be connected to the reticulated water scheme. These blocks are charged according to the Council's Water Policy.

Each block in the water area can have a connection point.

Connection points are situated in certain areas on these blocks and it will be up to the owners to install plumbing lines to the connection point at their cost.

I hereby certify that this map no. HWRA-1 referred to as the Hinchinbrook Shire Water Rating Area adopted for the purposes for rating, at the budget meeting.
