

## Adam Brown

I believe in creating a JCUSA council which strives to hear and include all Student Voices from across JCU.

Through my studies of Political Science and Sociology I have come to understand how important it is to have fair, effective, and meaningful student representation that exists for ALL students. That's why as **President** of JCUSA my focus will always be on ensuring that **YOUR STUDENT VOICE** is heard and represented within our university structures.

Let's be real for a minute, University can be tough, and sometimes we all need to reach out and ask for some help. That's why electing me will mean that **YOUR STUDENT VOICE** will endeavour to support all on campus student wellbeing and mental health services to help you stay on top of your studies.

Too often I have heard from students who say it can feel as though they don't have anyone in their corner fighting for them. That's why if elected president I will always fight to put **YOUR STUDENT VOICE** first by fiercely defending and supporting effective student advocacy.

Further, as president I will endeavour to work closely with the various student clubs and societies to increase student involvement on campus with a focus to create a healthy, vibrant, and active student culture within the university community.

If elected, I am able to bring previous leadership experience to this important position having had the great honour of serving as both Secretary and Treasurer of the BA Student Society (BASS), as well as serving on the executive team of various other student and community groups.

Support me for JCUSA President and the team from **YOUR STUDENT VOICE** to ensure that the focus of JCUSA always remains with Students.

**YOUR STUDENT VOICE** will strive to build stronger networks between students by engaging with clubs and societies. We'll seek to keep student support and inclusion central, supporting the work of on campus student services, and standing up for you through effective student advocacy.

Above all if you elect me to be your 2020 JCUSA President **YOUR STUDENT VOICE** will always strive to ensure that all students feel involved, represented, and supported through JCUSA.

Support me as your 2020 JCUSA President.

Vote #1 Adam Brown for President and support **YOUR STUDENT VOICE** for JCUSA.
