

Claire Barr – International Students' Officer (YourCampus)

My name is **Claire Barr** and I am running as candidate for the **International Students' Officer** position. I want to play an active role in the improvement of student services and advocate for all students on campus. I believe that this position is an excellent way to help both current students as well as provide an excellent environment for future students to appreciate when they arrive. As I am an international student in my third year of a Bachelor of Science degree, I have a keen understanding of the student body's needs and preferences and always have an open ear to any improvements. I am approachable and ready to listen to any thoughts, confusions, conundrums, and questions that you have! I am passionate about making my time with the JCUSA as fulfilling as possible and above all I would like the opportunity to be able to respond to what the students want from their university, creating positive change for all students. I aim to push for more social events and to improve the JCUSA's relationship with the various clubs and societies on campus to promote an inclusive culture among the student body. If given the opportunity to be a part of the JCUSA, I would be glad to contribute my time and efforts into growing an inclusive environment at JCU and to support the student body in any way needed. For these reasons, I would like to be considered for the JCUSA International Students' Officer position.
