

I'm **Zayd Dunsmuir** and I'm running with **YOURCAMPUS2020** to be your 2020 **Townsville Campus Officer!**

As a 3<sup>rd</sup> year law student and participant in social sport, I know for a fact that students should get the MOST out of university and I believe this can be achieved through its Clubs & Societies. It will be the YOURCAMPUS2020 team and I's priority to keep consistent and effective communications between current clubs and the council while also making it less stressful for new students to create, join and enjoy these avenues. I will aim to be diligent when dealing with any matters involving the approval of grants, induction of clubs and the coordination of their events.

I will fight for club funding as I believe clubs should be always be able to hold frequent and fun events like club balls to bring the community together. I will lobby the university to continue free breakfast and aim to make them more delicious! To keep the theme going, I will also lobby for the Refectory to be revived so that students have another avenue to relax and enjoy. With your help, I am committed to making JCU an ever-improving campus for all of its students.
